(Continued from p. 10) One Gerson Dekabater the Grand son of the Gerson 1253 of 16 claims to 2 3/4 of the land out of the land intended for the manor of 1251. 2-6-5-16 of 16 on the ground that his Mother's Mother's Father's son. Subbarama Sastri alienated the land to him in the year 1845 corresponding with 1801 A.D. in proof of which he produced the alleged deed of gift. One plan for the purpose he again pleads that the land in dispute were mortgaged 110 years ago by the Grand Father of the Gerson Subbarama Sastri to the Grand Father of the Defendants for an unlimited period & that 56 years ago certain arbitrators awarded the land in dispute to the son of the Gerson but the decision was not enforced up to this day. He admits that Subbarama Sastri was the land since they were alienated to him. The Defendants proved that the land which they are now enjoying are of two portions. The documents produced by Gerson Dekabater a forged one. He named as his witness one person who was employed as scribe of Pandayagatama. He paid that he was not employed as scribe. The Gerson is a person of high rank.

1 On Case I claim to be the owner of the lands in the offshoot to the person No 10 of 1816 on the ground that his late father was the owner of the lands forty or forty five years ago to one Raja Varun & that the father of the person No 20 paid the debt & took possession of the lands 25 years ago - The person No 10 is the son of Jattan Bida Brother of the claimant. It is proved that the person No 10 is enjoying the lands from time immemorial. Hence the claim is rejected & the party is referred to civil court. The person No 10 is at present - his wife is - fled that the father of the claimant sold the lands to his husband & that the Bill of sale was lost - The Mahajanams admit this - Again the father of the claimant died 7 years ago after living 50 years. He does not seem to have claimed about these lands nor enjoyed them. Hence the claim is rejected & the party is referred to civil court.

1 On Case II claim to the lands in the offshoot to No 6 & the 1/2 of a thirty cent on opposite to the claimant person No 24 on the ground that the person No 6 nominated him as his heir & successor & gave him all ~~the~~ his property, real & personal, four years ago in A.D. 1857 under a written agreement & another thirty to the person No 24 of 1816 in A.D. 1863 for ages 187-70. The person No 6 states that he never executed the agreement nor transferred the property to the claimant. & that his property is in his possession. Two witnesses who are present states that the document is a genuine one. The person No 6 admits that he sold the land to the person No 24 - & the Bill is on Stamp paper. On the whole as the claimant has no enjoyment of the lands of the person No 6 & the person No 6 is enjoying them himself. & as no operation will be concerned unless the donor possesses or enjoys actually the ~~the~~ alienated property, the lands are registered in the name of the person No 6 & the lands sold by him to the person No 24 is confirmed - & the party is referred to civil court.

Valuation

1 Wet lands depend upon 3 Tanks. They are large in size - They are fed by one of the channels of the Devasthanam Village of Aorjan - The Tanks are round & the supplying channel is a significant one - The Mahajanams plead that 50 Acres of land as waste are cultivated on the lands full water occasionally. Some of them say that they are left waste over several years. Soil is of a medium fertility generally - Some of the wet lands are full water 20 times occasionally - Scarcity of water is felt in some years. On the whole the Village is in flourishing state - The average profits of the Village are 3200 per annum as per statement of the Mahajanams of the last 111 & 1/2 & Merum charges of 30 & 1/2 per annum making a total of 3230 per annum. The net profits are 179 - This was calculated on the basis of the average of 20 years - This is not right - The average of 100 as well as present day Tanks are given on the 2nd side of the first sheet. They are high - After entering into much details, I frame the valuation as follows - with the aid of the Mahajanams

Wet full	82 Acres at 40 per annum	3280
50 Acres at 2 1/2 %		1250
dry - 33 Acres at 3/4 %		2475
		4530
