1 This is one of the villages granted for the support of the Puthum of "Lonekorai" in Manasapur Village. This is a permanent grant. This is support of 012-100 Pottu. This is a village on the banks of Pandem Channel. Daily several travellers are passing through the village without paying any grant. No tax is levied on the area. The boundaries correspond with those in the account of July 1866. The present village is a small village as per what lands depend upon one small tank. It is fed by jungle streams. No waste lands in this village. Several profits of the village as per statement of the Puthum are 168-5-6. This is a fair income. Hence I place it as the value of the village. No Hamlet or Hamlets attached to Village.
