1 This one of the Demarcation of Mages situated within the limits of the Zamindari of Ramnad. It was granted during the reign of Rameswara III the Viceroy of Madras by Lingam Kad Melkhan Gopalen Sernas Karan further support of the Temple of Pre Jwa Subramanyam. The Pottu of this Temple is cut on a stone in the Temple - The Temple is apparently kept up. Annual feasts are performed - The present one exceeds that given in the account of 1811 by 18 Acre - All these are situated within the proper limits of the Village. Mr Lallanar about the townships Hence the area of 128 $\frac{1}{2}$ Acres is confirmed here -

1 Wet lands depend upon one small Tank - Wet & Dry Waste lands are not of a long standing - Soil is not very superior quality - Average net profits of the Village in 193-11 10 per Annam - This is fair. Hence I confirm the same valuation of 0.7 of the Register at St Paul's non Hands.
