7. The Village & the 9/3^d the villages forming the "Parungaransi Pattene" ^{have been}
from the ^{the Register of} Account of A.D. 1815, copy of which is forwarded to the Board of Revenue
by a letter - The people are descendants of the Ogl Gumbie as it is proved by the
tradition & by the Mubazzars of the adjacent Agri Villages - But as several
^{A.D.} generations had passed after the Village was granted, the present holders of
the Village under settlement are unable to describe their relationship with the Ogl

Valuation of the Darnesavanam portion of Bell Village.

The Wet lands depend upon one large Tank - which irrigates both Ryen & Damm
The Tank is not in thorough repair though there are breaches in it -
by a single stream on the Mahajanas say that 30 Acre of Wet &
dry are full water annually in full & that 100 Acre of Wet & 70 Acre of
dry are full water though not of long cultivated lands - This cannot be depended
upon for the future. No account to find out

Wet lands are not cultivated 2 times - No tribute is raised -
 Wet & Dry soil of a medium character generally - Harvest moderate -
 The average wet assessment of the Taluk in which the Akkuramam portion
 is situated is given in the margin - This figure - The average Dry assessment of
 of the country round Agam Village does not exceed 12 Rs per acre -
 The average income of the Village as per statement of the Akkuramam -
 is 96 Rs per - This is quite sufficient - In consideration of the fertility of soil
 I grant the valuation of the Village as follows -

26 Tirumana	} Rs -	(26)
galammal		1 Daughter
40		
27. Aggarani	} Rs -	(27)
ngor		1 Wife
		2 Sons
		1 Daughter

These preceding are
