

444. *Penelopis amica*

- III With regard to the state of the Puthrum - the Rang's Vakil gave a very favorable report originally - & as the villages of numbered 2-3-6-45 -  
have been settled - After I left Ramnad, I was informed by mess that the Puthrum is not efficiently kept up - that those whom I engaged  
at Ramnad state that the Puthrum is efficiently kept up - for giving the Rang & her servants - I immediately asked the Sub-  
Magistrate of Tereswara & Enai whether those jurisdiction the Village is situated to enguire into the state of the Puthrum & report the results of the same

Madam

From his report dated 7 April & 15 October /64, it appears that the building are not in thorough repair; that a few days ago, the Rang used to distribute daily  $3\frac{1}{2}$  <sup>pieces</sup> of raw rice with 3 As in money for firewood for the travellers; that since the last 6 months, the charity also was discontinued, that is about 6 months on the occasion of "Hidi Ami dwaya" at 50 men per day were fed for a period of a fortnight - No charity is now being conducted since the last 6 months - The Rang of Namud, I cannot but mention here left all the institutions under his management in a disgraceful state - When I met the collector of the District some time ago I brought all these circumstances to his notice. Though he agreed with me in every point, yet, he said that the Govt cannot resume the management of such a delapidated institutions - On the whole as the charity has been discontinued only since the last 6 months entirely, I cannot recommend the resumption of the villages appertaining to the institutions. But I request the Rang to be engaged either to restore the institutions at once into an efficient state or to transfer the management of the same to the collector of the District - I find from one of the recent orders of Govt that they are prepared to place the management of Chhatt rooms under subordinates officers such as collectors - I sent a notice to the Manager of Rang detailing the above circumstances & requesting to inform within 10 days to inform whether the Rang is willing to keep the institutions in an efficient state. But no answer was sent to me up to this day - Further it appears that the tanks in the villages appertaining to the institutions are not in such a state as they ought to be - The tank in the village under settled is said to be in delapidated state & the lands are lying waste for the last few years - The average income of the village is 5 to 6 per Annum as per statement of the Rang's Valuer &c

I grant the resolution at 30 Rs per Annum
