in the year Parthiva or 39 years ago for Rs 350 on condition of restoring the lands to him when the debt is discharged & that he is now 80 years old & that he was then 13 years old. Again he states that he had a D and of Rs 60 or 70 and Sansararam to ~~the~~ ^{the} debt far back as 1736 to prove the p. N^o 19 of 1866 deny all knowledge of this transaction. The Plaintiff failed to prove this - The Defendant is not proved to be genuine - The Plaintiff has no enjoyment. He says he has been in possession of the lands since he was 13 years old. He has no other evidence to prove his claim. It is again proved by the old documents that an imposition of the p. N^o 18 that they are enjoying lands from long time & that the Plaintiff has no right in the Village.

II The Plaintiff pleads that 1/8 of the Village was granted to his ancestor as gift & that his elder Brother was aged 26 years ago to the Grand Father the p. N^o 1 for Rs 150 on condition of restoring the land when the debt is cleared. It is true that the p. N^o 8 is the father of the father of the Plaintiff - But it is not known to what channel the lands passed & by whom they are enjoyed now. He says that he has no other evidence than the names of some to prove that he demands further lands some time ago but not proved. The person N^o 1 of 1866 denies all the knowledge of the transaction. It is not possible to transfer 1/8 of the Village on the ground that the name of one of the ancestors of the Plaintiff to given in p. N^o 13 or in Patta of about 100 years old. The lands are sold daily & they run from one person to another continually. It is not known how many hands they pass within the last 100 years. It is again impossible to know possession of the lands are. Hence the claim of the Plaintiff is rejected.

III The p. N^o 30 of 1866 pleads that he had 1/8 of the Village from his father mortgaged to the Father of the p. N^o 15 the lands for 140 years 62 years ago for an unlimited period & that half of the lands were released from mortgage by his Mother's younger Brother & that the p. N^o 30 then refused to restore the remaining lands. The Plaintiff says that he has no evidence. His claim is rejected.

Wells depend upon 2 Tanks one is small & another is large. It is fed by the Tanks in the Agri Village of Kela Mananthangalam. The large Tank is in repair - It is said that 50/2 Acres are cultivated annually in the 1/2 of the year. The rest they say is of 10 years waste. The result of my enquiry shows that most of the lands are cultivated annually. Well lands are cultivated 2 times once in 2 or 3 years to about 20 Acres. Soil is of a medium character generally. Famine is raised to some extent. Paddy is not raised. On the whole the Village is in prosperous condition. But as usual in the part of the country some of the lands are left waste annually. The average profits of the Village as per statement of the Mahajamams are 164-11 - of these if the 20 5/2 of 12 Acres are deducted, the net profits of the Village are 96-9. This is very low & unfair. The average rates of Good as well as ordinary Sugars are given in the 2nd side of the first sheet. The zamindar income during the last 75 years on Well lands in the Village in which the Darmaaram is situated helps me in framing the valuation to a vast extent. But the average of the income as well as the average rates of Good Sugars are very high. Hence in consideration of the fertility of soil & the nature of the lands can give annually in detail, I frame the valuation as follows with the aid of Mahajamams &

(Full) Dry - 50 Acres at 12 Rs per Acre 375-0
 Occasional Warts - 27-37 2-0 at 1/2 Rs 13-6-0
 46-12-0
 70/2 of Well (with the lands of 1000) at 30 Rs per Acre - 201-0
 247-12-0
 All lands are valued in consideration of the extent cultivated with 2nd sugar.
