

Register of Madam Village of Perāmadēvanandal No in Kāmankattai Taluk of Pānnād Zāmiindari Estate in Madras District
Perāmadēvanandal Donegob D B B

Sheet No 735

1 This one of the village granted for the support of Nagasaki Mattum in the village of the same name in Roman Kolasah. This is a permanent grant. There is no annual payment of its holders and the date of the grant. There is no other grant. The object of the grant is to maintain a "Shintu" - But it appears that from time immemorial no Brannon or one fed in the Shintu or Mattum but "Sanner Pondal" a Water Pond is kept during six months in a year & in the remaining six months just charcoal comes held in it. In Water Pondal, Water, butter, milk &c. are distributed to the people & in during the famous annual festival of Naman for it, Lungs, Water, salt, &c. are distributed to the people liberally. Brannon &c. are not fed daily from want of funds, the village being an insignificant one. The building is in repair. Hence the grant falls under Pale - III. Name of the Village - This is Sanna Mangeni. No Pampu or Pore - No Lakan about the area nor about the town daries or the part of Rany's Valley. Hence the area of 139 acres is confirmed here. Brannon correspond to that in the account of July 1246 - II. Soil & Land depend upon a Soil of moderate size Soil of a upper quality generally. Average profile of the village are 105 ft.

per annum

As per account of J^r
1211.
