(Continued from p. side) The Grand Letter & Letter of the person No 5 to say of 16 purchased 5 1/2 Thuttes in A.D. 1817-1820-1826-1827-1840 for 400 508 133 on 1 occasion. From which are stamped 1 paper leaves & 3 are a plain paper leaves. The Letter of the person No 5 of 16 paper leaves that he has purchased in A.D. 1826 one Thutty in addition to 5 1/2 above alluded to for 400 508-43. From one Kreemawar and produced bill of sale and have been executed by the Kreemawar in a plain paper leaf. There is serious talker about this one Thutty or Pongor which will be detailed as follows-

as follows:-
 One Kristnisingar, Valluel of Patazapa ~~the~~ Maha Descker Priest of Abhala Mattam, pleads that -
 in the year Purnima or A.D. 1817, the Mahajanams of the Dammasanams made an endowment of the one thirty, which the person
 N^o 5 of 1816 argues that he has purchased in A.D. 1826 from Shreenarasimgar, to the Mattam; that the said thirty is in possession
 the Mattam up to this day; that the thirty has been left 15 years ago under the superintendence of the father of the person N^o 5 of 1816;
 that the father of the person N^o 5 & the person N^o 5 himself used to give Melwaram munnas, Pongus, to the Priest of the Mattam
 that the person N^o 5 evaded the payment of Melwaram - since he has 14 years on the ground he has spent some money to
 get the Village released from the attachment of the government in Fudus 1266 & 1267 - & that the Priest must subscribe his share
 in the expended time; that the Priest came 7 years ago to Ponnadapuram when the person N^o 5 paid 60-6-9 to him (Priest)
 on account of the outlay of the thirty from Fudus 1261 to 1265; that the deed of gift executed to the Mattam by the Mahajanams
 was given to the person N^o 5 of 1816 to produce it in the Collector's office & get the Village released from the attachment of the
 1266 & 1267 - & that the one thirty was sold to the person N^o 5 of 1816 or to his father - The Valluel again pleads that the person
 1816 produced by the person N^o 5 is a forged one - but he cannot prove the crime - In proof of the person having paid to the Priest
 60-6-9, he produced a Bill of 60-6-9, on account of the outlaying the Pongus in question, the Valluel produced an account
 by one of his servants, who said to have been signed by the person N^o 5 of 1816 -
 thirty is dispute, one not in

1 The person N^o 5 of 1826 pleads that he did purchase the one truly from Stresemann in 1826 & is enjoying the best ever secured
truly & that the claim of the Priest is an unfounded one. In proof of his allegation the person N^o 5 produced the under mentioned documents
124 ~~documents~~ said to have been executed by Stresemann, a deacon of the Priest, in 1825-

1 Bull of sale ~~made~~ said to have been executed by [unclear]
= which is drawn upon a plain paper leaf =
1 The Deed of gift executed to the Priest by the Maharajah in A.D. 1819 & which, Paper No 5 of 16 days was given
to him by the seller Premnarsingar at the time of the sale -

- Melwarem - in these Fiches - These accounts are written by
From the above it would appear that the Taluk of the Gurus of Atabola Chettam produced one in support of his allegations & W. Ransom
An account showing the statement of accounts of produce &c of the Vellars in question from 7/12/61 to 7/12/65 said to have been signed
by the person N S of 16 & also certain Nijzeys said to have given by the ~~Villagers~~^{Nijzeys} before one of the servants of the Gurmoozi
The witness said that the person N S of 16 died long ago & did appear to the Gurus when he came to Ransom 7 years ago that they were happy
to return action. The person N S denies every knowledge of the transaction & pleads that the account showing the adjustments & receipts
of the produce of the Vellars in question is a forged one - but the regard to the Nijzeys said to have been given by the Villagers before one of the
Gurmoozi servants, the person N S of 16 produced copy of an Agree said to have been presented to Mr. John J. A. Dwyer Sullivan
as collector on the 12 November 1857 complaining that the Gurmoozi servant extorted the Nijzeys from them putting them into
custody with a view to deprive the person N S of 16 from his lands from enemies & that the person N S had lost 6 1/2 Vellars after
1 year of imprisonment produced by the person N S of 16; there are no witnesses to prove the genuineness of the Bill of sale & the
the latter is alive - He died of grief in prison & the person N S is admitted by the Taluk of the Vellars.

been accounted by Nath. Warrington nor the seller is above the
to be a genuine one - The only question is how it came to the possession of the person N^s/of 06.
The entry quoted most goes down which ^{the} the person N^s/of 06 admits having his signature compared with the account
of the adjustment of the produce of the thirty in question; carefully. He Deputy Collector finds the signatures on all these
documents to be similar with each other in formation of letters &
The accounts of £7256 6^s 1258 from £7260 6^s 1290 produced by the person N^s/of 06 are not of much use in deciding the case -
Because the accounts from £7256 6^s 1258 - 6^s Pongors are inserted in the name of the person N^s/of 06 while he must have only
of the thirty in enumeration of the same thirty in dispute - To this the person N^s/ says that the thirty which was mortgaged
known by one of the shareholders as the debtor added to his lands or share - In this case it is plain that Matthew Lewis or one
