

C 1 Potta on a plain paper dated the year Pramodika 1881 showing that one out of 16 Villages comprising the fullnum portion of the Village was granted by right to the Village of the

D 1 Taked dated 14 March 1881 of the then Shona Persian releasing the Damasanam portion of the Village, which was then under attachment on a complex prepared to him for the sake of the fullnum lands were reserved for the Shabazans, & directing that the Shabazans are to enjoy as usual.

E 1 The firmness say that they are entering on their annual settlement accounts the fullnum portion of 11 & the Damasanam portion of 5 of the Village but the Damasanam Shabazans are enjoying 6 of the Village.

F 1 The firmness produced a Taked dated "Nalaya Nitya" or 1881 1798 showing that one Pongos granted to the Village of the

1 The Pongos Taked pleads that the fullnum portion is 11 of the Village & the Damasanam portion is 5 of the Village. He is quite ignorant of the details of the case. He refers me to the firmness in every point for replies to my questions.

The firmness say that 6 of the Village is enjoyed by the Shabazans & 10 of the Village is held by the fullnum. The extent entered in the account of 1881 of 7 July 1884 opposite to Damasanam & fullnum does not come equal to the Village respectively. 11 & 5 are transferred from the account of 1881 to the account of 1884.

& Damasanam portion comes to equal to 11 & 5 respectively. The difference of 14 Akas is wrong in the account. Hence it may be seen that the account of 1881 & 1884 proves that the fullnum portion is 11 & the Damasanam portion is 5 of the Village.

The fullnum portion consists of 15 & Damasanam portion of equal Villages. There must be Pongos or further in the Village which is held by one person or by an association or by a person.

I cannot place least confidence in the documents produced by the Shabazans because the document B neither contains signature nor seal of any authority, nor its genuineness is supported by any of the standard accounts, because the accounts marked A which are submitted with this inspection neither contains seal nor signature of any person nor they are in such a state as to place any confidence upon them again, the accounts are without seal to disfigure them.

The document C also bears no signature nor seal of any authority. The document D is not a final document. The words of the firmness are very vague.

The statements of the firmness marked E are in favour of the fullnum. The document F is not an authenticated copy & no document of that description is found in the entry books of the firmness.

Under the above circumstances, the Deputy Collector arrives at the conclusion that the fullnum portion is 11 & the Damasanam portion is 5 of the Village. It is true that the Shabazans are enjoying 6 of the Village from the influence of the firmness.

I recommend to confirm the area entered in the accounts of 1881 & 1884 on the fullnum & Damasanam. The area entered in the accounts of 1881 & 1884 is a small area not including Pongos. In Pongos the lands, which are very extensive in this Village, are not included in the accounts of 1881 & 1884.

The fullnum portion is 11 & Damasanam 5 of the Village. The area entered in the accounts of 1881 & 1884 is a small area not including Pongos. In Pongos the lands, which are very extensive in this Village, are not included in the accounts of 1881 & 1884.

Palghat

I This is one of the Darnas mandal Choultry Buildings in the possession of Ramnagar - 11 of the Village is granted for the support of
- of Langachi Malabar & 16 for the support of Cantonment Darnas mandal. The latter is a hereditary grant & the former is permanent.
- The entire Village is in uninterrupted possession of its holders since the date of the grant - This is supported by the accounts of 1812 - The Talukdar of
- Rango says that "Annoosin anam" has been discontinued since the last 5 years, that water, brother milk &c are distributed in the following manner
- & that the revenue left in hand after meeting the charges of "Summer Pondal" or water Pondal is appropriated for "Annoosin anam" charges.
- in the Choultry of Darnas mandal built near at Ramnagar - which was built nearly 6 years ago & when there was no land endowments -
- The Langachi Malabar Choultry for the maintenance of which the 11 of the Village is granted is in a high road leading from Ramnagar to Malabar &
- Ramnagar - I see no reason why the Choultry for the support of which the 16 of the Village is granted should be left in an inefficient state & the former
- of it should be appropriated to a Choultry for which there are no land endowments - The opinion of the Deputy Collector is that the higher authorities should
- compel the Rango to appropriate the funds (under) of the 11 of the Village for the support of the Choultry for which it was originally granted.
The building is off in repair -
