Padiandendal

This is one of the Villages in the gemin-dary of Rameswaram - The holders of this Village & the Rango Taluk held place that this & two other Villages named Andichingendal & Pandamangalam were granted to the holders of the latter about two centuries ago for the service of plying ~~boats~~ ^{boats} or ferries loaded with pilgrims going to & returning from Rameswaram, a holy place, gratuitously, on the Pamban Channel or river. This is supported by the tradition - The holders of these Villages are doing their duty - Generally, pilgrims are carried from Toni Torai to Pamban & vice versa twice a week, but when the wind is strong, only once in a week. All the boats employed - The holders of these Villages are furnished with one large boat when the old one becomes unserviceable or when the boat in use requires repair. The cost is borne by the gemin-dary. This ~~is~~ ^{is the custom of} practice is prevailing from time immemorial. As the gemin-dary is not bound to undertake the ~~cost~~ ^{cost} of buying a new boat & of repairing the old one occasionally, I questioned the Tonikars what they will do if the gemin-dary refuses to undertake the said charges. They said ultimately after long silence, that they will undertake the change if the gemin-dary unfortunately, refuses to undertake the same in violation of the long existing practice. They gave also a Response to this effect which I place with the Journal of the Reviewing Officers - The holders of these Villages have no Potta for these Villages. In the Tamil Account of 1721, these Villages are ~~not~~ ^{not} styled as "Toni Torai & Andichingendal Villages" - In the Tamil Account of 1722, the same is repeated. In both of these Accounts, these Villages are added to those of the Christians at Chengal - Toni Torai in the Village of Mondapam - as shown below -

II. The Shutterman has several other villages besides the above - In the English Account of AD 1815, copy of which is at Board of Revenue, the villages of "Torai Tonikarais" are entered in the endowments made to the Shutterman of "Toni Torai" - There is a mistake - (perhaps a clerical error) of conveying the Pilgrims from Toni Torai to Pambem being having connection with the Tonai Torai Shutterman, all the villages are mixed & entered under the name of the Shutterman in the English Account of AD 1815 - The Village Tonikarais Villages are in possession of Tonikarais from time immemorial - & the Pilgrims are conveyed from Toni Torai to Pambem, where the Pambem river is at a bend of about 3 miles & vice versa - bonus - The proceeds of these Tonikarais Villages are not appropriated any time to the use of the Shutterman - Even if these Villages were the endowment of the Shutterman, they fall within the scope of Rule III - In one of the English Accounts of 1726 furnished to me by the Collector, Pambem, these Tonikarais Villages are entered under the head of "Pambem Mangem or Pambem Villages for Shutterman" In detail of this they are registered in the revenue records information is entirely opposite to them in several heads - The annexed is an extract from the Account -

"Name of Village" -	"Under whose charge" -	On what account -	To whom granted -
1. Landanthal.	"Dong people bearing" "the Travellers house" "Pambem Mangem"	"To convey the"	"Toni people"
1. Andichi Jendel.		"Traveller"	"Pambem"
1. Pambem Mangem.			

On the whole as it is proved that these Villages belong to the "Tonikarais" & that they are enjoying them on service tenure & that they are punctual in their duties of plying boats have loaded with Pilgrims, gratuitously on Pambem channel - In the alleged Account of 1721 & 1723 - which were furnished to the Collector some forty years ago, these Villages are entered as Torai Tonikarais Villages - Hence I confirm these Villages on the holders thereof under Rule III of Clause one - In the above entries, there is some mistake - as much as in saying that the travellers conveyed from Pambem to Pambem Mangem instead of from Toni Torai to Pambem & vice versa - III. The fact was about the area or boundaries on the part of the Range Pambem - The boundaries were inserted in the revenue records compared to those in the Account of 1724 - Hence the boundaries are correct - The 127 acres & 25 cents estimated Pambem are registered here -

IV. This Village consists of 43 equal Vallas - They are enjoyed as shown in the margin of the preceding side - The lands were divided - This is a Pambem Mangem Village & free from all Tax -

V. The average income of this Village as per statement of the holders thereof is 88 Rupees per annum - This is not true - I raise it to 280 Rupees - with reference to the fertility of soil &c -

VI. It appears that the Range Pambem is paying to these "Tonikarais" monthly a sum of Rupees 15 - as Batta - This practice is existing from time immemorial -

Annexed is a list of the small boat called "Pattai" - & that three of the ferry men are always engaged in plying it. Generally several servants, or Pappals or some influential men are conveyed in this boat from Toni Torai to Pambem & vice versa gratuitously - On Pambem revenue -
