

Register of Land Revenue in the District of Tanjore
Sadayaneri 1811

Register No. 584
 Sheet No. 659

This is one of the Villages in the Revenue of Tanjore. This was granted by W. F. Jackson, Collector in A.D. 1798 - July 12 -
 to one Kunnakurichi Thudanda Gajendran on the following terms - viz. The Grantee to pay half Revenue from A.D. 1798 to 1802 -
 to pay next three years 3/4 Revenue & to pay full Revenue from A.D. 1808. It appears from the Court-memoirs that the Village was in a
 ruined state when the grant was made. It is not said in the Court-memoirs whether this is a hereditary grant or not.
 The person N. of 16 who is the grand son of the Original Grantee pleads that this Village was deducted from the assets of
 the Permanent Settlement, while the Range of the place that this was not deducted from the assets. Hence the main point for
 decision is whether the Village was deducted or not from the assets upon which the Permanent Settlement was based.

1 In the copy of the accounts received from the Collector's Office, which is
 considered to be the account of 1811 generally it is said that this is a
 Terapan or byer Village - - - - -
 2 In the copy of the account of the year Bava' corresponding to A.D. 1815, which
 is received from the Collector's Office, the Village is classed as a Terapan - - - - -
 Village of Terapan Gajendran - - - - -

From the Court-memoirs of the grant dated by the 52 Case and from the papers of the Collector of July 1798, with date 1798, page 3-4, 1815, it appears to me that the Village is excluded.

The Maratha account which bears no date it is said that the Salage was made in the account of AD 1815, copy of which was forwarded to the Board of Revenue in the year 1815. The Village is placed as that of the Salage - with a remark that this was granted on term of 6 months for 1 year - and 3/4 of the full term. The remark is repeated in the Gagan account of AD 1815 - & in the Maratha account above alluded to.

The Barmy's Valued produced Gagan account to read the of 17211 - for all the Salage - in which there are Darnasaram Village & but for the Salage in which the Village - since settlement is situated. He pleads that the account of 17211 of the Salage was destroyed by white ants. The person of 1706 pleads that the person concealed the account of 17211 of the Salage purposely as he is not in good terms with him. The person of 1706 again pleads that the Gagan account which is considered as the correct one - the account of 17211 is related to 17210 or 17199 & 1500. The Gagan account is the one which contains the name of the Village.

The Village is entered as that of the Salage in the account of 17211 copy of which was forwarded to the Board of Revenue. It appears from a remark in the account that the Salage was paid, and carefully that there was no account of Darnasaram in the account of 17211. The Village was entered in the Board's account of AD 1815. I cannot but consider that this Village was deducted from the lands of the Permanent Settlement. The Village on the Register is recommended to be entered in the Income Tax. In the account of AD 1815 it is said that the original Grantee is to pay just 1/2 of the full - the meaning of the term is full assessment. It means Darnasaram Teerwah a former account. as stated in the Gagan account of AD 1815. Against it is said in the account of AD 1815, that the Village was granted on Darnasaram "Vagel" or tenure. Though it is not said in the Gagan's letter whether this is true - it is a boundary grant or perpetual grant as the case may be, if the Village is determined to be the one deducted from the lands upon which the Permanent Settlement was based. The person's Valued again pleads that the Village was not granted for the purpose of the Salage. From the account of AD 1815 it is said that the Village was granted for the purpose of the Salage. The Village is entered in the account of AD 1815. The Village is entered in the account of AD 1815. The Village is entered in the account of AD 1815.
