[This is one of the Dameswarams in the p. eminary of Rammed. This was granted Originally by Purana for twenty thousand years ago to Muktaswara Bhaktar. Long after it or in 1725 this was renewed in the name of one J. K. K. K. a descendant of the Original Grantee by the p. eminary of 1725. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. There is no Patta - It was lost - The Patta the above - statements are supported by the accounts in 12. This village is enjoyed as a whole in the margin - The lands are undivided -

II. The Area of the Village Concessions is that given in the account of 1811 viz. 78 Acres
- of 78 Acres is confirmed here -
The Original Grantee But as this grant was made long ago they cannot descent the relationship existing between
The British Rajah & the

III The persons or are descendants of the Original Grantee But as this grant was made long ago by some person & the Original Grantee - This Village was not entered in the Board's Register of Oct 1845
- from the Original Grantee. It is proved that they are the descendants of the Original Grantee. The Village was not entered in the Board's Register of Oct 1845
A & B. Salary upon Village - Water & Dry Waste Lands are for the time once in

11. Wet lands depend upon a small tank. It is fed by one of the tanks in Malarg. Agum village. There are
 two or three acres as per statement of Mubazaram - But it appears that wet lands are cultivated in full. These wet lands are not cultivated 20 times
 a year. The average profits of the village as per statement of Mubazaram are 23 rupees. After deducting cost of wet profits
 are 15. This is undoubted. With reference to the nature of soil &c, the valuation is framed as shown p. 7 of the Register. The average of soil as well as
 Remuneration, Malarg is very high.
