Dear Friend
 I have just received
 your letter of the 11th
 and am glad to hear
 that you are well.
 I am also well and
 hope this finds you
 the same.
 I have not much news
 to write at present.
 I am, dear friend,
 ever your sincere friend,
 Wm. Lloyd Garrison

[illegible]

(Fair copy?)

1 The afforementioned Methuena Guanab again claiming the lands entered opposite to the person No 1 of 16 on the 9th when that the person No 1 of 16 to him in 1821. grantee. The person No 1 of 16 pleads that the lands are of his own & that they are in his possession & provides the same by an agreement executed to him by the younger brother of the complainant in 1821 & by witnesses. Hence the claim is rejected & party is referred to Civil Court.

Valuation

1 Wet lands depend upon one large Tank - It is partly in repair - It is fed by the Tank of the Puitam Village of Thlman & the Agem Village of Podip and the Tank is filled annually. The Methuennans say that 6 2/3 acres of Dry lands as waste are of 20 years uncultivated land & that they are fit to be put under water & that they are rented out to Methuennans in individual class of ryots who are rented to clear lands from jungle. Wet lands are cultivated annually except one or two acres - 1/8 of the Wet lands are put under water occasionally 2 times when the season is most favourable. Pungla lands are cultivated with Varagosa. Dry lands are of a medium character generally brought in detail there are some superior & some inferior lands. The Village is not in such a prosperous state as it ought to be from the dispute among the shareholders. Now the Methuennans brought ryots from other villages & improving it. The Methuennans say that of the 3 1/2 acres of lands as Pommbottle the half of the area is fit to be put under water with Dry grain & that it is situated in the bed of the Tank. The lands situated in the bed of the Tank in the vicinity of water spread are considered to be good lands. I have no materials to enter here the average assessment of the adjacent Agem Wet lands. The average assessment of the Tank in which the Pammanam under settlement is situated is given on the 22nd side of the register. Pungla rates vary from 107 to 113 per acre. The minimum rate may be applied for Dry lands under cultivation. Average income of the Village as per statement of the Methuennans is 184-5 per annum. This is not true. In consideration of the fertility of soil I frame the valuation of the Village as follows -

Register No 562
Sheet No 632

Wet 68 Acres at 4 1/4 per acre	272
Wet 5 Acres waste at 2 per acre	10
	<u>282</u>
Dry 99 Acres at 12 sh per acre	74-6
Dry 42 Acres at 1/4 sh per acre	10-8
Dry 18 Acres of the tanks (lands as Pommbottle at 4 sh per acre	4-80
	<u>89-4-0</u>
Total	<u>371-4-8</u>

The Dry lands charged at 1/4 sh per acre are of long uncultivated lands
