

Nattockon Valasai சாத்தக்கை நர்வலரை

1 This is one of the villages granted for the support of the Fowling of Pallas, Kallum, Kallum - There is a permanent grant - No Pallas - It is supported by the accounts of 1712 - Mr. L. K. says that the enclosures & the other enclosures are situated within the proper limits of the Village - The boundaries correspond to those in the account of 1746 - Hence the area of 241 acres is confirmed here.

II. No people are fed in the Skullstream - Water Pondal is kept there & butter, milk, & water & one deal of rice 6 months during a year - The zemindar Taluk stated that as the income of the Taluque is not sufficient to meet the charges of "Annapoornam" or feeding charges, charity is confined ~~to~~ to giving water, butter, milk &c. The building is in repair -

III. Soil Kanjak Cultivation - Drylands and of a medium character - Average profits of the Village are £35725 -
I promise the valuation as shown of 7/8 of the Register -
