I This is one of the Devadagami villages situated within the limits of the Kammasamudram. This was granted for the support of the Temple of the
- The Jagannath Temple in Tempellur by Tribhuvana Chakraverty. The date of the Grant is not known. But it is said that this grant was made some 1000 years
ago. This is a Permanent Grant. This is in uninterrupted possession of the Temple since the date of the grant. The Temple is apparently kept up. Daily & annual
ceremonies are performed. For feast also is performed. The object of the grant is not in any way frustrated. Hence the grant falls under the III clause of the Law.
- Hence the area of

II The present Area of the Village exceeds that in 1811 by 36 1/2 acres. - Hence the total area is 798 acres is confirmed here. This Village has no Amal or Amalata.

I The lands depend upon a small tank. The lands are cultivated annually. Soil is of a superior quality. The lands are cultivated only once
- Scarcely garden is felt. Paddy lands are of the same description. 2 1/2 acres are of an immemorial waste. The average net profits of the Village are
= 124,370 - as per statement of the Manager or Trustee of the Temple. The average rates of the Govt as well as the private taxes are given on the back
of this Register. With reference to the fertility of soil, I frame the valuation as shown in column 7 of this Register. From this it will appear that the
net profits stated to be by the Manager of the Village are quite sufficient.

Rs 7-10-0	Inam for Service in Kanyapavaluram Temple; that is for making pujah &c which is said to continue.	Free of Assessment. Hereditary so long as the Service is performed.	The land is said to have been granted by one of the Settlements of Raimad (Ruthu - nambalga Settlement) about 150 or 200 years ago. There is no record to prove this.	The revenue says that the land is shown in the general survey returns of the Village (Tashier 12.6.1392) as Kanyapavaluram Inam. There are no records of any kind. At one corner of the land is a stone with an inscription on it, but this is now illegible.	It is stated that two individuals, Kanyapavaluram & Subbaraya Velam were the original grantees.

Sargapa Velan has a son aged 30 years (Chithandendal)	20 It seems beyond doubt that the Inam has been in existence for a very long time. It was not taken up for settlement by the Inam Commissioner, but apparently because the holders in possession did not know that this should be done. It was a petty Inam and so easily escaped notice. The service continues to be performed and the Inam should be continued tax free. It may be entered in the name of the God Kampannaswami and the individuals in column 16 registered as managers.	22 Vide Correspondence ending with the Collector's letter No. 435 of 25-1-45. Confirmed so long as the service is kept up subject to a quit rent of Rs 1-13- which is the charge on the Inam.
