1 This is one of the Darmasaram Village situated within the limits of the commandary of Pannaspuram. This was granted originally by the person 1011 to the person 013 for substantial. This is a hereditary grant. This is in unimpaired possession of its holders since the date of the grant. This has a Patta on a copper plate. Again this Village is supported by the accounts in 1012. This Village is enjoyed now as shown in the margin. In the copy of the Treasury account I have used the Pottu of 1015, it is said that this Village is named Patta. Hence I doubt the genuineness of the copper plate. On the 1015 the Village is supported by the accounts in 1012. The name of the Village is Melapalayam as entered in the Patta but it is generally known as. Shenina Pannayendel.

III. The area of the Village excess that given in the account of £221 by 5 Acres, this is very trifling. The

in the Survey of 12576 30. Revers 24-175 from the same person of 1688

= with the boundaries of the Village which correspond partly to the paper plan of said village.

III The Great Grand Father of the person No 1 of 186 purchased the entire Village in AD 1776 for Rupees 211-12-5 from the sons of the person of 188 = Bill of sale is on plain Rajan paper. Transaction proved to be Bonafide. Ruysant proved - After the death of 188 the Village fell in possession of the heirs of = the younger brother of the Grand father of the person No 1 of 186. In consequence of this the Village - The last holding the said 1/6 of the Village was Subhyen who is the son of the ~~Grand father~~ ^{brother} of the person No 1 of 186. The person No 2 of 185 is the Grand Father of the person No 1 of 186. He and Subhyen died without issue or married ^{the male sex} heirs from years ago. Posthumous the son & younger son of the deceased sold the 1/6 of the Village of the ^{deceased} in question to our Subramanya Achary for Rupees 50/- on the 5th day of May 1839. Bill on stamped Rajan paper. We now admit the transaction. When I questioned him about his right in taking possession of the 1/6 of the deceased, he said that he transferred him all his real & personal property as a biggest under a written will in AD 1839 that he performed his funeral rites - He produced also a ^{written instrument} if it appeared to the Will alluded to above. The name of the witness is the Sundara Mayor the person No 1 of 186. He said that he did sign the Will, that the Will was executed 16 years ago or 20 years previous to the demise of the deceased, that the deceased was about 2 years old - & that his age was 13 years old & that he signed it as his father was then sick. On being carefully with some of the national points, it is admitted that he signed the Will by force of ignorance - It is proved that the
