[illegible] Dharmasanam Village of Terku Salakamkurchi in [illegible] Taluq of Ramnad Z[illegible]

Terku Salukamkurchi

Dig [illegible] 66 [illegible]

I This is one of the Darmasanams in the Zemindary of Ramnadpuram. This was granted by Sundara Pandiyan [illegible] to the person No 1 3 & other [illegible] subsistence. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. This has a Pottah engraved on a stone in Alagar Kovil in Melur Taluq. No Takarar about the Area or about the boundaries on the part of the Zemindari Vakeel. The boundaries correspond to those in the account of F 1246. Hence the Area of 72 Acres & 67 cents is confirmed here.

This Village is supported by all the accounts Nos 1 & 2. This Village is excluded from the English account of A.D 1815, copy of which is forwarded to the Board of Revenue. This is a mistake.

This Village consists of no Porgoam. The lands are enjoyed as shewn in the margin. They are divided permanently. Poruppu is paid as shewn in the margin.

II The persons Nos 1-6 are descendants of the Orgl Grantee as proved by [illegible] &c. The individuals Nos 1-6 are unable to describe their relationship with the Orgl Grantee as several generations passed between them. This is a known fact throughout the District.

III Wet lands depend upon one Tank of moderate size. It is in repair. It is fed by a Jungle Stream &c. The Tank is filled annually. Scarcity of Water is felt in some years. The Mahazanamas say that the wet lands planted at will are partly [illegible] & partly Mall Nad & that they will be cultivated annually if the Tank be improved.

Wet lands are only fully watered once & rarely twice. Wet & Dry soil is not of a very superior quality generally & at the same time it is not of an inferior quality. No garden crops are raised in the Village. The average income of the Village as per statement of the Mahajanams is 50 Rupees per annum. This is not true. I have no materials to enter here the average assessment of the adjacent Wet lands. The average ~~Wet and~~ Dry assessment of the adjoining Ayan Village comes to 10 As per acre. In consideration of the fertility of soil &c I frame the ~~[illegible]~~ valuation of the Village as follows—

Wet 21 Acres fully watered at 4 Rupees per acre — 84—
Wet 10 3/4 Acres Mottakkadu at 2 Rupees per acre 21-8-0
Total 105-8-0

Dry 13 Acres fully watered at 10 As per acre — 8-2-0
Dry ~~25/6~~ 22 1/2 Acres Waste at 4 As per acre — 5—10 ~~6-4-0~~
Total ~~14-8-0~~ 13—12
