 Vide para one of the Register of the Village of Hanigani about the origin of the Village.
 The area of the Village agrees to that given in the old accounts. So Tank area about the same. Hence the area of 799 1/2 acres is confirmed here.
 The area of the Village is fed by the river known by the name of Kotakara river. It is not of a superior quality.
 The Tank depends upon one large Tank. It is fed by the river known by the name of Kotakara river. It is not of a superior quality.
 The Dry & hill waste lands are not of any standing. They are cultivated by rotation. Average net profits of the Village as per statement of the
 Trustees of 18 are Rs 4820 p. This being a fair income I confirm the same as the valuations of the Village in 7 of the Register.

Register No. 208
Sheet No. 233

A large, stylized, handwritten flourish or signature, possibly a cursive 'P' or 'R', written in dark ink on aged, textured paper. The flourish consists of a large loop at the top, a horizontal stroke crossing it, and a long, sweeping tail that curves back towards the left. There are some small, faint marks and specks on the paper, particularly near the top left and bottom right of the flourish.
