

Valakulutti

I The Village known by the name of Valakulutti, Kalur² Chansai, Kalmar Palte, Palabakulutti & Kailasapuram were granted for the support of the Temple of Kailasarashe Swamy in Palava Mattam in Pallimadam Palay in the Zemindary of Ramnad. These are permanent grants. There are in the present possession of the Temple since the date of the grant. There are no Pottas. They were lost. These Villages are supported by the accounts of 12. The Temple is apparently kept up. For feast is performed annually. The object of the grant is not in any way frustrated. Hence these falls under Pale III. House on Low Free. The Regular of the other four Villages of Kalur Chansai &c are placed with the Regular. The present area or extent that given in the accounts of 1211 being 67 Acre. All these lands are situated within the proper limits of the Village. The Zemindar Taluk just no fault with the boundaries which correspond to those entered in the account of July 1246. Hence 1708 Acre are confirmed here.

II. Wet lands depend upon one large Tank. It is fed by Single Stream. As the Tank is not in repair, the Wet lands are left waste since the last 10 years. Dry lands are cultivated annually. It is of a superior quality. The average area of Good as well as middling lands are given on the basis of these Regular. Average measure of the Village is 2391 Ropas. The Dry Lands produce admirably. The measure being a fair one, it is referred as the value of the Village. The Dry Lands are measured in terms Radies or Cuntas in the Taluk of Pallimadam. There is no distinct line on these 5 Villages. The Dore was fixed in 1708 on these 5 Villages to a sum of Ropas 1359-11-2.
