I This is one of the Darmisaramams in the perrin ary of Ramanad. This was granted by Mutturiamalinga Velupaty to whom it is not known from any account. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. This has no Pottu - It was lost - The Village is entered as an

[illegible]

The 302 shms & 32 pnts are registered here - situated thereon are very interest place - This village is enjoyed as shown in the R. J. 1844
Comp is paid equally by the persons & 16
The person No 1 & 16 says that he is a descendant of the Capt Grant! The person No 2 & 16 purchased half of the Village in the name of one of his sons.
The person was 1006 - Bull & oak is on a stump of an acorn leaf - This is registered in the Pub Court of Gaddara.

on the 18 July 1855 - Transacton proved to be bonafide - enjoyment proved -
He says that he is grandson of the

III The main point of depositions settlement is this - This is the paper & it is known as Appa Kutty Ezen v. Appa Dikshatar
younger brother of the Appa Dikshatar of 1854 that this Appa Dikshatar, who is the original Grantee, is known as Appa Kutty Ezen v. Appa Dikshatar
the High Court of Judicature in suit N 826 of 1881

The Decree in appeal sent Nov^r 80 of 1861 of the file of the first Court of Madras & the decrees passed by the same Court are not known. The decree of appeal of the file of the late Pussur Court establishes the right of the village through which the name of the village is not known. The decree of appeal of the file of the late Pussur Court establishes the right of the village through which the name of the village is not known.

Valuation

III. Wet lands in the Village depend upon one Tank of moderate size - It is in repair -
 It is fed by one of the branches of Virayadi - an influential river in the Village -
 The Tank is filled annually - Plenty of Water is not felt generally - It is said that of the Wet
 & Dry area in the Village, 40 Acres of Wet & 140 Acres of Dry are full water annually & the rest -
 is Matted - This is an usual story - The Taluq in which the Village is situated is noted for
 fertility of soil - There are no much waste lands in the Village or in the Taluq - I have seen myself
 several Villages in the Taluq - Nangal & Pungul lands are of a superior quality generally -
 The average income of the Village is 145 Rupees per annum - & this is not true -
 I have no means to enter here the average Wet assessment of the country round Nangal & Pungul
 as the gentleman says that he has no detached Village on account - The average Wet assessment of the
 Taluq in which the Village is situated comes to 5 Rupees per acre - In consideration of the fertility of soil
 I frame the valuation of the Village as follows -

Wet 50 Acres full water at 5 Rupees per acre 250
 Wet 12 1/2 Acres Waste & at 2 Rupees per acre 25 275
 Dry 140 Acres full water at 12 Rupees per acre 105
 Dry 82 1/2 Acres Waste & at 1/2 Rupee per acre 41-2-0 146-4-0 421-4-0
