Pollakkulam
This is one of the villages granted for the support of the Temple of the Ramanatha Swamy & Parvatawastani Amman in Rameswaram.
This is a permanent grant. Polla is on pepper plots. It is found in the account of 1725 that the Polla of this Village was lost. Hence the genuineness of the document is doubtful. It bears neither seal nor signature of the Grantor. No dispute about the boundaries on the part of Rang's Village, which correspond to those in the account of 1706. Hence the area of 11 1/2 acres is confirmed here. The soil is depend upon a Lath. Soil is of a moderate fertility generally. Average profits of the Village are 30 Annas per annum. An important & famous Temple is efficiently kept up.
