

On vingt mille

1 This is one of the Darnisurams in the pindary of Rannad. This was granted by the Penua Pongu King of 011 to the person of 013. The inscription is in a pindary grant. This is an uninterrupted possession of its holders since the date of the grant. There is a Potha engraved stone in the place of the village. The Darnisuram is supported by all the accounts of 012-016. The account of the boundaries of the village is now inserted in the vernacular statement corresponds to those in the account of 012-016. The area of 29 acres & 28 futs is confined to the village as is enjoyed as shown in the margin. The lands are divided into 100 shares. The persons of 016 are descended from the original grantee as proved to be by tradition. The persons whose names are entered of 015, were not of the village. They were principal shareholders in some of the villages forming the pindary of Rannad.

Perungarai at Vattavai.
 The person No 2 of 16 purchased his Coats in A.D. 1863 for Rupees 300 from one Ruffanyengar - one of the shoreholders in the Village -

This piece is adic -

Aug.

The ancestors of the persons N^o 10 & 11 of 16 purchased their lands -
 long ago. No bill of sale - Transaction proved to be bonafide - Enjoyed & proved
 in Reg^d The persons of 16 admit the transaction -
 76

Zabentwa

III - - - - - Wet lands depend upon one Tank of moderate size -

It is in repair. It is fed by a Jungle Stream. Wet lands are cultivated ex-
cessively in full. They are not fallowed 2 times. Paddy lands are of long waste -
Kangah & Paddy lands are of a medium product generally. I have no materials to
enter here the average ^{old} assessment of the adjacent Pagar lands. The average income of the
Village is 30 8 per annum. This is not true. In considering the fertility of soil
I frame the valuation of the Village as follows -

Wet $17\frac{3}{4}$ acres at 3¢ per acre - 62-2-

Qty $7\frac{3}{4}$ cans at 6.00 per can — 175 — 64 - 1 - 0
