

Memor. of Finis

Hence the Area of 67 Acres & 55 Cents is confirmed here - The entire Village was in possession of the H^{on}.
The person who purchased the entire Village in A.D. 1863 for Rs. 2000 from one Ramanatha Pillai - who purchased the Village, it is
said, from the descendants of the Ogl Grantee. Bill of sale of 1863 is on
a stamped paper. The Ogl Grantee's descendants are alive. They admit the
transaction.

Valuation
 II Wet lands depend upon one Tank of moderate size - It is irrigated by a single stream. The Tank is filled annually. Scarcity of water is not felt generally - The Tank of the person of 016 says that Dry & Wet lands flooded as was the case at Madhavaram. This is not true - It appears that all the lands are irrigated annually - some a few acres of the Wet lands are irrigated annually 2 times - Pongah & Pongah lands are of a superior quality generally. The soil is of a Regur description - The Village is in a flourishing state - The average income of the Village is 33-8 per annum - This is not true - I have no materials to estimate the average Wet assessment of the adjacent Pongah Village. The average Wet assessment of the Village in which the Village is situated is 5 Ropes per Acre. The Village is situated in a fertile portion of the Taluk of Ramankottai. Pongah rate is 0-11-3 per Acre. In consideration of the fertility of soil in Pongah the valuation of the Village as follows -

Wet 16 Acre irrigated at 5 Ropes per Acre - 70-0-0
 Wet 16 1/2 Acre of an inferior quality at 2 Ropes per Acre - 8-4-0
 Dry 35 Acre irrigated at 12 Ropes per Acre - 26-4-0
 Dry 10 Acre Waste at 4 Ropes per Acre - 2-8-0 28-8-0
 Total - 106-12-0
