 remitted to the person No 1 of 13 as he ^{is} ~~was~~ the daughter of the former 3 years ago -
 II... The present area of the Village corresponds to that given in the account of 1821. The ground in Valsal gives no fault with the transactions inserted
 - in the statement of the person 706 as as to agree with those inserted in the paper plate. In the Board's account of 1875 no mention of this paper plate Polla
 is made. As the 14 claims seem to have been ^{all} ~~the~~ situated within the proper limits of the Village, they are confirmed here -
 As the Earth was not in repair for about 10 years, 21 bears are left waste
 Dry land also are left

III. Reelot lens depend upon a Small Tank. It is fed by Simple Streams & as the water within it is very few years old during that period. The pofft within the Tank last year & all the lands will be brought under plough gradually & the pofft says are very waste since the last 10 years now want of crops & the Ten Drylands will be brought under plough soon. The average net profits of the Village & the pofft says are very trifling & from the landings of that he is paying out from his private funds. As the village is in a very depressed state & the income of the pofft is very trifling I from the valuation as shown up of 7-
