his complaint
 U.T. --- Wild Cattle depend upon two Lands one is large & another is small - They are fed by
 - jungle & Arums - Fifty two Acres placed as well waste, the Mahoyanams say are 6 or 7 years old
 - the Dry Waste is of long standing - The results of my enquiry go to prove that there is not much
 - in Wild Cattle or in Dry Cattle. Yes the Mahoyanams admit to some extent - Part of a mixed population
 - generally Wild Cattle are cultivated 2 times to some extent & occasionally - The average price of the
 - Cattle are 6 or 7 per annum per head as per statement of the Mahoyanams. There is quite a fall
 - the average rate of Cattle as well as per head of the boys are given ~~in the margin~~ in the margin
 In consideration of the fertility of the soil the valuation is shown below
