

Vusalangulam

1. This is one of the four villages granted for the support of the Temple. The Temple is at the village of Vusalangulam. It is a permanent grant. No other is produced in the office. But it is reported that the Patta is engraved on a stone in the Temple & that the revenue is not to be accepted. The Temple is apparently kept up. Of the four villages of the Temple, the one under settlement is allotted from time immemorial for the endowment of the office of the worshipper of the Temple. Thus the worshippers enjoy the village, pay Pongu to the government & worship the Swamy. Hence this is called Archana village. No Tablans about the area or about the boundaries on the part of Pongu. The area of 63 1/2 acres is confirmed here.

II. The land is divided upon one small Tank. It is fed by Temple Stream. Soil is of a superior quality generally. The average profits of the village are 140 Rupees per annum. This is a fair income. As the village is in possession of the worshippers, it is registered in their names.

We have remarked on the
Register of the day of the year
12 Feb 1815

Hence the boundaries are confirmed here & the 336 Acres & 85/100ths ~~are~~ situated there are registered here-

H. The Vakil of the Trustee pleads that this was granted for the support of the Trustees, Mattam in Ramceswarim. The Paria's Vakil pleads that this Village was granted for the support of the Temple & not for that of the Mattam. In the account of 1712 & in the Tamil account of A.D. 1815 the Village is entered in the name of the Temple. In the English Account of A.D. 1815, the Village is entered among along with the Devantam Villages of the Temple but it is said that it was granted for the maintenance of the ~~Pond~~ of the Temple. This is not a correct entry. As the Village was granted for the support of the Temple, it is ~~entered~~^{registered} here in the name of the Temple. The Trustee is at liberty to appropriate any revenue of any Village to any Mattam as he has such a sole control over them. The average income of the Village is 357 Rupees per annum. This is not true. I raise it to 800 Rupees with reference to the fertility of soil &c.
