I This is one of the Devasagami villages granted for the support of the Temple of the Mangalamma Thamm in the Vuttara Pooai. Mangai in Ramnad Taluq. This is a permanent grant. This is in unbroken possession of its holders since the date of the grant. The holder is Polle. It was lost. The grant is supported by the account in p. 12. The Temple is apparently kept up for good & is performed. Hence the grant follows the rule of the temple. See full.

II The area of the village corresponds to that given in the account of 1721. No inference about the boundaries. Hence the area of 126. There is confirmed here.

III The land is of an inferior quality. It is irrigated by one of the branches of the Vuttara River. All the lands are cultivated annually. Dry season is one of a few years. The average net profits of the village are 397-6. The average rates of the land as well as the revenue are taken as given on the back of the Register. From the reduction with reference to the fertility of soil & as shown in p. 7.
