Register of Dharmasanam Village of Vorupókki — Adavallárendal in the Táluq of Náttarasankóttai of Sivaganga Zamindari Estate in Madura District

(1) Vorupókki & (2) Adavallárendal

These two Villages in the Zemindary of Sivaganga - were granted by Vijaia Raghunáda Periya Vodaya Tever, the former Zemindar to the Brahmin of Naina Gótra & Naina Sutra - head of various families - for subsistence as Dharmasanams - These are hereditary grants - They are in uninterrupted possession of them hitherto since the date of the grant - These Villages have a Pólla - or two plain Palmyra leaves - In the English Register of AD 1815, copy of which is forwarded to the Board of Revenue, it is said that the Pólla of these Villages was registered - The Ranjo Vakeel admits the genuineness of this document - In the Pólla & in the Maralla - Account of Fr 1223, one boundary line is given for these two Villages - or in other words, the Lands of these two Contiguous Villages were enclosed in one boundary line - In the Account of Fr 1244, these Villages were effected into two & the boundary line was given separately for the same - The holders of these Villages say that the boundaries given in all these documents are one & the same though there is some difference in the wordings - that these boundaries correspond to the recognized limits of the Villages - Hence the boundaries in the Pólla are confirmed as the 110 Acres 26 Cents situated therein are registered here -

Inhabitants of these two Villages were mingled together & divided into 12 equal Pattees long ago - The holdings in these Villages were not exchanged during the last 40 years (Vide remarks)
