IV. The Widow N 2 is the Widow of the Deceased Brother of the person N 1 of '06. The person N 3 & 4 are Grand Siblings of the father's younger brother of the person N 1 of '06. The person N 5 of '06 is the younger brother of the father of the person N 1 of '06. The person N 1 & 2 of '06 - live together. The person N 3 & 4 of '06 are living together. & the person N 5 of '06 is living separately. The family is thus a divided one. The person N 1 alone appeared & I am tired in issuing notices ~~and~~ ^{after} serving summons on the person N 3 & 4 & 5 of '06. The person N 5 of '06 who has bills of sale for the Village which is registered in the name of the person N 1 of '06 asks the person N 1 - & others to give him a sum of 200 Rupees to appear before the office & produce the documents & the person N 1 & others refused to pay him the sum, he never appeared before me for the settlement. With a view to bully his co-partners - As the person N 1 & 4 of '06 are waiting since long here, I took the case to day for settlement. The person N 1 of '06 says that his Grand Father purchased half of the Village & entered opposite his name & that of the person N 2 - 3 & 4 & 5 of '06 about 40 years ago from the descendants of the Ogl Grantee. The descendants of the Ogl Grantee who are alive admit the transaction - Enjoyment proved by the said descendants of the Ogl Grantee & by the person N 1 of '06. Bill of sale is not produced under the circumstances stated above. The person N 1 of '06 produced a division of property executed to him in A.D. 1864, January, by the person N 3 & 4 of '06 - on a stamped paper worth 8 Rupees - This shows that they divided their personal property equally in 3 shares, & ~~the~~ ^{the} real property in 3 1/4 shares & 1 1/4 share to the person N 5, one share to the person N 3 & 4 & one share to the person N 1 & 2 of '06. The shares are accordingly registered here - Notice issued ultimately to the person N 3 & 4 & 5 of '06 is being placed for information.

V. Let considered upon one Tank of moderate size - It is irrigated by a single stream & the land is filled annually - Scarcity of water is not felt generally - The holders of the Village say that 10 Acres of land are cultivated annually & the rest as attached land some of the best lands are fallowed annually & some - No Punjab Cows in this Village get to be fallowed annually - Soil is of a superior quality generally - This is an insignificant Village in size - The average income of this Village is 30 Rupees per annum as per statement of the Mahajan - as on border of the Village this is not true - The contiguous Agri Villages are Viryokulam, Panangolem, & Radambengolem - The average net assessment of these Villages calculated for a period of 15 years previous to 1870 comes to Rs 60 per Annum - This is a fair - The holders of this Village say that the soil of this Village may be placed on par with that of the Contiguous - Agri Villages - In consideration of the fertility of soil &c I frame the valuation of the Village as follows -

Let Cultivated 12% be at 6 Rupees per acre = 738-00

I am not free from fear that the Revenue Officers may find fault with my valuation as I charged with one & the same rate the entire area classed as under Cultivation - The fact of the holding of the Village being classed the area taken in the Revenue Survey is not the true area.
