

Register Nos 1006, 1007, 1008

1 These 3 Villages are situated in the peminidary of Periyar - They were granted by Muckhunda of Katchayendal for the support of the Temple of Mala Melu - All arrangements in Periyar & of Periya Vozya Nayana in Vadugampatti - These Temples have several other villages besides these & the names of which are given in the margin - These are permanent grants. No Patta. The Temples are apparently kept up - In the Account of 1721 - these 3 & 23 other Villages are entered in the name of Periya Vozya Nayana - & 8 other Villages are entered in the name of Marundiswaris Temple - as will be seen from a list given on the back of this Register - In the Munnathu Account of 1722 & in the English Register of 1815, these 34 villages are entered jointly in the name of both of these Temples - The peminidary settles these 34 Villages as one community though they are not contiguous to each other - though they are distinct villages - Porogy Paper 553-9-5 is collected in lump on all the villages - As per these villages are entered in lump - in the name of both of these villages Temples - in the Account current & the Rang's Vakool states that the proceeds of these 34 villages are appropriated equally to the use of both of the Temples which are situated at a distance of about 2 miles from each other - that this arrangement is in force from time immemorial - As the Account of 1721, in which 26 Villages are entered in the name of one Temple & 8 in the name of the other, is not trustworthy, all these 34 Villages are registered jointly in the name of both of the Temples - with reference to the peminidary's Account - The boundaries of these villages are not recorded in any of the Accounts - These 34 Villages were divided into 8 Ransoms - or Divisions as shown in the register of the said Ransoms & boundaries of the same are given in the vernacular statements - The Ransoms are formed as on the peminidary was unable to give the boundaries of each of these villages - Each Ransom consists of cluster of villages situated contiguous to each other - As the fact was about the area or about the confirming the recognized boundaries on the part of the Rang's Vakool - Hence the boundaries are confirmed here & the
