1 The person ~~14~~ 16 purchased $3\frac{1}{4}$ Vultures in AD 1863 & on the 19 January /66 for 0 per 1/4 9 - 6 - from Ruffamund & Vulpates unigen-

- Two bills are on stamped paper -

Two bills are on stamped paper.
1 The present 3 of 016 pounds 3/4 the age in 1818 99 1/2 6 from Ruffammal, Barata Nagar - Two bills are on stamped paper leaves -

1 The father of the person No 45 of 16 purchased half thirty in A.D. 1858 for Rupees 668 from Kuppammal - One bill of sale is on a painted paper leaf.

1 The father of the persons N^o 45 & 46 purchased half duty in 1835 for
These persons N^o 45 & 46 and the remaining 2 1/2 full as entered opposite to their names were purchased by their ancestors long ago. The bill of sale were Cont.

The transaction is admitted to be binding by the persons of all who are descendants of the Ogl. Grantee.

The transaction is admitted to be bona fide by the persons of 10 lb who are deponents of the Ogl. Grantee.
1 - The persons of 10 lb 7-8 & 9 of 10 lb purchased $\frac{21}{32}$ of a bushel in Oct 1858 for \$1.00 from ^{our} Ramsey. One bill of sale is on a stamped 6 page.

1 - The persons for \$6-7-8 & 9 of 186 purchased $\frac{21}{32}$ of a lot of 1858 for \$1000 from the
-leaf. Transaction proved to be bonafide. Enjoymnt proved. The said persons of 6-7-8 & 9 of 186 say that they lost the bills of sale for the remaining two -
i.e. the Opl. Committee advised of the amount of the persons of 6 to 9 of 186 having purchased

Conf. Transaction proved the bougier Enjuyment proved - The said persons at 6-7-8-9 of 186 say that they had the
- entered opposite to their names - The alligations above are descending of the Opl. Grantee and of the ancestors of the persons at 6-7-8-9 of 186 having purchased
- the lands which the bills of sale ^{of 186} were ^{not} cost - Enjuyment proved -

Sheet No. 459

- Valuation of the Entire Village -

IV----- Wet lands depend upon two Levees - One is large & another is small. They are in repair - They are fed by one of the branch channels of Vajayar -

Net lands depend upon two tanks - One is large & another is small - They are in repair - They are given to the public - This is an influential supplying channel - The tanks are getting annually - Scarcity of water is not felt - Kanjoh & Punjab Crops are full of water - The area has full water -

There is an influential supplying harm to the lands and fishes annually - scarcity of water is so common that the lands are full - Some lands are left waste from one cause or other occasionally - Some of the wet lands are cultivated annually 2 or 3 times - The area thus cultivated may be 1/2 of the whole - The soil is in a good state - like the surrounding -

taken as 1/2 of the net content - Harvest is good - Marjola & Pinjola lands are of a superior quality generally - The Village is in a good state - like the surrounding -

Villages - The average income of the ^{three} ~~three~~ Mathuram portion of half Village as maintained by the trustee is 900 Rupees per annum, while the average income of the ~~three~~ ^{three} Mathuram portion of half Village as maintained by the trustee is 900 Rupees per annum. The Mathurams complain that the income of the Mathuram portion of the half Village is less than that of the other half Village.

income of the Diarmasaram portion of half Village is 400 Rupees per annum - The Alabagamams complain that the income of the Mattam portion was higher the 7th Decade and that he had calculated the income of the Mattam portion on 10 years previous to this year -

The Valuation of the Trustee says that he calculated his income of the estate from 10 years previous to this year
and found it was £1750 6s 7d to compare the present high price - The period which the Trusd. of the Trustee

I am generally adopting the average of 15 years from July 1250 to 1270 to compensate the present high prices - the period when the
 both as basis of his average embrace an extent of the years of his prices. Again if the Trustee is to buy 5000 any thing & acquire his right in the Village,

He would have calculated more carefully ~~himself~~ the income of the Village. I don't mean to say that the income of the Matamoras is false but it is

... would have calculated more carefully ~~within~~ the income of the Village. I do not mean to accept the income of the ...
... based entirely on the present high prices. It is therefore not suited for adoption in the Damaran portion. The Melaganes say that the Tree of the

...entirely on the present high price. It is therefore not suited for adoption in the Darnley area position - the money
...with a view to ... of half village, some augmented the income of his half village - 1758-1759-1760.

the contiguous Agri Village is Kott. The average (R) assessment that Prad calculated for a period of 10 years viz 1256-1257-1258-1259-1260.

contiguous open Village is Kitter. The average wht. assessment of that Village calculated for a period of 10 years of 1850-1859 is 5-12-64-1265-67-488 for which detailed accounts are available comes to 5-07 per acre. The Dry assessment of that Village is very low.

1266-1265-67-68 for which detailed Accounts are available Comes to 5-07 per acre - The Dry assessment is from 1-9-50 to 1966 per acre - The said Village of Kithan is an important large Village - But the average yield assessment is very low and the same as follows -

from 1-2-50786 per acre - The said Village of Kitham is an important large Village - But the average of the
attribute it to some mistake in the Account - In consideration of the Estate of soil &c I frame the valuation of the Village as follows -

attributes it to some mistake in the account. In consideration of the probability of error I frame the variance as follows

Luttrell states that her half portion of Village consists only 66 Acres & Village Acres of Day -
