1 This is one of the Villages in the zemindari of Pongayal. It appears from the Tamil & Marathi Accounts of 1721 & the Marathi Account of 1723, that half of the Village was granted for the support of Marikudi Puthrum in Marikudi & the remaining half to certain persons as Darnasaram or subsistence grant. In the English Account of 1785, the entire Village is entered in the name of the Puthrum. Half of this Village is always held by the Puthrum & the rest by certain Mahajanams as Darnasaram. The authentic copy of the Patta of the Village dated 1785, shows that half of this Village alone belongs to the Puthrum. It is not that it was purchased from the Mahajanams of the village. The Darnasaram portion of half Village consists of 16 equal Puthurs. They are enjoyed as shown in the margin. The lands were divided 30 years ago. They were not exchanged subsequently. Only the 16 Puthurs of the Darnasaram portion, 11-7/32 Puthurs were purchased for the Puthrum in 1825. The remainder is said to be in the hands of the same in A.D. 1844 & 1851 for Pagers 633 from one Mahamer Narayan & Ramachandran. The latter purchased the 10 7/32 Puthurs from one Meerat Ali Eyer, a descendant of the Bgl. Grantee, while the latter purchased the 10 7/32 Puthurs from one Meerat Ali Eyer.
