

2 This is a Jintam Village in the
Zamindari of Sriranganga; it
is stated to have been granted by
Ranthoreja Raghunatha Praya-
ledia Raja prior to the Collector's
date, some Ratanika Purnima for
subsidition. The claimants are
unable to produce a Patta deed, but
the Village is entered as Jintam
in the Collector's accounts of 1821,
& a certificate given by the Ramanam
of the Village in the year 1832, men-
tions the above named individuals
as grantor & grantee respectively.
There is no dispute about the area
or about the boundaries; the formula-
ries mentioned in the Ratanika
statement now presented correspond
with those in the accounts of 1821.
Hence the boundaries are confirmed,
& the two acres & 29 cents situated
therein are registered here.

If this village consists of shares,
they are registered as shown in the margin.
The land was divided - Raffle is
paid on the proportion of shares.

jointly and permanently. ---

III The persons Nos 1 & 7, are the direct heirs of the original grantee & his 1st & 2nd sons, & by them have a copy remained in possession of the original grantee's family, the remaining 49/100 also descended & regularly in the family of the original grantee till the time of their alienation, by the tathal, Lang, &c. Subbalakshmi Rukhalevaras Subbaigay; of these 49/100, 1/100 were sold to one Kagalangam Pillai in 1804, and the balance purchased at a public auction in January 1804, by Alagappa Chetty (No 8 in this Position) for Rs 2410; in support of this a deed of sale, is produced. The remaining 38/100, were purchased from Rukhalevaras Subbaigay by Jagannatha Nair (the person No 9) by whom 2 clan copies of deeds of sale are produced. The claims of Nos 1 & 7, are acknowledged & are valid by the descendants of the original grantee.

IV The land is in this village depend upon a tank which is in repair, & is fed by the local drainage & annually receives a full supply of water. The holders of the village share 89 acres & 41 cents of wet as cultivated lands and 40 acres & 2 cents as water & Muga waste. All the wet lands are cultivated, & some of them occasionally yield a second crop. The greater ^{part} portion of ^{the} soil is stated to be of good quality. All the arable dry lands in the village are under cultivation. In consideration of the above circumstances I frame the valuation of the village as follows.

A No 15 of 1866 from
 No 3 of 1866, respecting ad 3 of app.
 & release of the Village of from attack
 ment.
 Endorsed that the app. is fair
 that the app. is a Release
 in the Village of 1866
 Extract granted to
 Jayanatha Sinker
 Chayappa Chettyar &
 Muthaiah Annam
 on the 23^d of August 1866.

"My best has calculated the ad 3
 payment on the full value of the land instead of
 on the difference between the full apportion & the poor
 already charged agreeably to Rule 12 of the Manual."

"I therefore recommend this imposition of a quit-rent of Rs. 50
 upon the whole being 1/2 of the value of the income of the old poor."

"I request your permission to relieve the Village from attachment and
 to pay to the holder the income from the land assessed since the date of
 their appearance for the above settlement."
