granted to the deceased Rappa Sastri & Tennalinger and has been placed under attachment by the Agent of the Range of Katturam Tahsil by reason that the Executors' actions are inadmissible - the Donors of course claim to the 1/4 Village - It is pointed out that the persons of 17 & 2 of 16 are rightful owners to the half Village situated opposite to their houses - because they are descendants of the persons of 13. No Talk over about the half Village on the part of the Range Tahsil - One Panniah alias Pottalingam places that the Husband of the Widow of 1 of 16 is the younger brother of the deceased's mother, but on the day of the death of the Husband of 1 of 16 he executed a Will to him on a plain paper being to the effect that he was to be taken as a son, that he is to support the Widow of 1 of 16 & his three Brothers of 2 & his 3 Daughters & divide his whole property after the death of the Widow of 1 of 16 into four shares equally between himself & his (Plaintiff) & his (Husband of the Widow of 1 of 16) & his 3 Daughters - that the Will is not in his hand, but it was executed by the Widow of 1 of 16 - that the Husband of the Widow of 1 of 16 died five years ago & that the Will was executed 5 days previous to his death & that he is enjoying the property of the deceased living with the Widow of 1 of 16 - At present he places that he performed the funeral rites of the deceased - The Widow of 1 of 16 says that her Husband had no share in the property of her Husband - alias Pottalingam Pottiah alias has not a shadow of right to the property of her Husband & that her Husband wrote a Will & gave to her & not to the Plaintiff, which was lost - The Plaintiff produced a document said to be copy of the Will which shows that the Plaintiff has no right or claim to the property now, that he is to support the Widow of 1 of 16 & their Daughters & that after their death the Plaintiff & the Daughters of the deceased are to share the property & into four equal shares - Through the House Laws a Will which is not lawful is not legal - In the case the Will is not forthcoming - & even if it were a Will passed by the deceased it is not a lawful one - Again the Will which is said to be copy of the one executed by the deceased & which is produced by the Plaintiff shows that the Plaintiff is to have 1/4 share in the property of the deceased after the death of the Widow of 1 of 16. Again if the Will were true it was not acted upon when the deceased was alive because he died only five days after the passing of the Will executed by the Plaintiff - The Plaintiff is living since his widowhood with the deceased - Hence to the fact of his living with the Widow of 1 of 16 is of no use - Vide remarks in the Third Ann of Avalakulam if necessary - His Avalakulam is a Dastan in Agriar Taluk of Taluk in Erode District - Under the above circumstances refuse the registering of the name of the Plaintiff & refer him to find out the name of the Plaintiff & refer him to find out the name of the Plaintiff & refer him to find out the name of the Plaintiff - The Widow of 1 of 16 places that the Plaintiff is not living with her - that he performed the funeral rites of her Husband & is her son-in-law - (The Plaintiff)

II The $\frac{1}{4}$ Village interest opposite to the persons N^o 3-9-10-11 & 12 of 06 was purchased by the Elder Brother of the person N^o 3, who was father younger brother of the person N^o 9 & younger brother of the said father in law of the person N^o 10 & grand father of the person N^o 11 & 12 of 06 & in 1824 for Rupees 700 from one Mr. Arumugamallaligar who was grand & son of the Mr. Vadassaba Ranyar who acquired it in 1796 about 70 years ago from the person -

Bill of sale of 1824 is on a stamped paper leaf - Transaction proved to be bona fide & enjoying full power -

The persons N^o 3-9-10-11 & 12 of 06 divided their real & personal property about 7 months ago & the deeds of the division of property are on stamped paper worth 8 Rupees each - These persons belong to 3 branches - They divided their personal property into 3 equal shares - & the real property into $3\frac{1}{2}$ shares -

Thus they divided $\frac{1}{4}$ of the Village into $3\frac{1}{2}$ shares - Of this $\frac{1}{4}$ share $\frac{1}{2}$ changed in possession of the person N^o 3 being a senior member of the family; another one share fell in possession of the person N^o 9 & 10 & the remainder in possession of the person N^o 11 & 12 of 06 - The lands are not divided as yet - They will be divided as soon as convenient -

III The person N^o 4 of 06 acquired his share in gift from the person N^o 5 or 5 years ago as stated in the early part of the first para -

IV The persons N^o 5 & 6 of 06 are enjoying $\frac{1}{8}$ of the Village - The person N^o 5 of 06 acquired this $\frac{1}{8}$ Village in gift from the person N^o 4 or 4 years ago as stated already in the early part of the first para one of the Register -

V The Ranyalallal claim to the $\frac{1}{4}$ Village interest opposite to the person N^o 4 & 5 of 06 by reason that it is Rottayam property & that the forefather of the person N^o 4 had no right to dispose of the same. It is proved satisfactorily that the person N^o 4 & his forefather granted the $\frac{1}{4}$ Village to the person N^o 5 of 06 in gift & that they were enjoying it but the Ranyalallal claimed it arbitrarily as soon as he was put in possession of the remainder - He claims the share of the Rany - is rejected & the share is referred to civil court -

The lands depend upon two Tanks of ^{very} large size they are in repair they are fed by Jungle streams & by the water of the adjacent streams. The Tank is filled annually. Security of Water is not felt generally. 71 Acres of Wet, are cultivated annually in full & 16 1/2 Acres of Wet, as mentioned in the Pungab lands are of long waste. No Pungab cultivation in the Village. Some of the Wet lands are cultivated annually 20 Acres. Pungab lands are of a medium fertile general. No Vanic crops are raised in the Village. The Village is in flourishing state. The only name of the Village is Vellangudi. There are no detached accounts of - found out the average Wet assessment of the adjacent Village. The average of the Pungab lands which the Village is situated comes to 5-53 per acre. ^{the wet for the} The average income of the Village as per statement of the Pungab lands is 3150 Pipers per acre - This is not true - In consideration of the fertility of soil & I give the valuation of the Village as follows -

I don't put the burden of the Village concerned - Some of the lands - & these are very lands left waste occasionally -

- Wet 77 -	Assessed 60 piper per acre -	462
- Wet 10 1/2 -	Assessed 60 piper per acre -	63
Total -		525-0-0
5 1/2 Acres Dry Waste at 40 piper per acre -		225-0-0
Total -		750-0-0
Residual -		165-0-0
