Register of Dharmasanam and Annam Village of Kaliyanagari in the Taluq of

Register No 1331 Kaliyanagari

Sheet No. 1524

This is one of the Villages in the Zemindary of Sivagangai. Half of the Village was granted for the support of the Manga Bhipala Chattram of the Temple of Viswanadha Swamy at Thalakkadi Ammen in Kaliyanagari. Half of the Chattram & the remaining half the Village was granted to Sri Rama Rama Perumal & others for subsistence as Dharmasana. The former is a permanent grant, while the latter is a hereditary grant. The proceeds of half of the Village are being appropriated to the use of the Chattram & the Temple which are connected with each other. The Institutions are efficiently kept up without frustrating the object of the grant. The Chattram & Dharmasanam portions of the Village have two separate Pattahs. They are admitted to be genuine by the Rayar's Vakeel. The boundaries were settled about the year 1780 & about the boundaries on the part of the Rayar's Vakeel. The boundaries now inserted in the verandah extent correspond with the recognized limits of the Village. Hence they are confirmed here. The 274 Acres 780 Cents situated herein are registered here as the Area of the entire village. The Temple & the Chattram being in an efficient state, half of the Village belonging to them is registered here-under Rule III Clause one (Vide next page)

II The Pattakarans are the Inamdars of the Village but they are not employed in any of the Accounts which is a distinct Village in itself.

III Of the heirs of the Dharmasanam persons, some are descendants of the original Grantees & others are alienees.

IV The persons Nos 10 & 20 of 16 appear some of them to have purchased in Fl 1246 & 1253 from certain shareholders in the Village. Two deeds of gift are on plain paper. The ancestor of the person No 31 of 357 of 16 purchased his share in Fl 1213 for Rupees 305 from one Ramaswamy Sastry Bill of sale is on plain paper. The other persons of 16 are said to be descendants of the original Grantees who were Nainas Gotra & Nainas Putra.

Of the persons of 16, Nos 1-8-10-11-13-14 & 32 of 357 of 16 above appeared for settlement. They said that the attendance of the other shareholders is not procurable as they are living in several parts of the country at a great distance & that the absentees are alive. I tried my best to procure the attendance of the absentees but in vain. I am afraid whether all the absentees are alive. The sons of the persons No 20 of 16 claimed on title from the persons No 31 of 357 of 16 by reason that it was mortgaged sometime ago to the persons No 31 of 357 of 16 by

Sheet 2 Remarks on Chettiram Village of Kaliyanagaram in Tirumeyampat Taluq of Nivoyanga Zemindary in the District of Tanjore

The pymash 31 & 35/16 argued that the Village was purchased in AD 1873 from the Zamindar in lieu of the pattah of the claimants produced bill of sale shewn on plan of pymash Transaction proved the boundaries enjoyed proves. The claimant failed to prove the alleged transactions of mortgage. Hence the claim is rejected. The claimant admits that the land is not in his possession.

Valuation of the entire Village.

II:- Wet lands in the Village depend upon Tanks - Nyans in repair - Nyans fed by Temple Streams - They are getting annually. Scarcity of Water is not felt generally. All the Wet lands are cultivated annually in full - ~~[illegible]~~ seems few years. The Surveyor also exaggerated the matter of Waste. I deemed only the Zemindari servants to measure the Village as I had grounds as usual to suspect the correctness of the account. But the results of the measurement are very unsatisfactory owing to the dishonesty of the measurer - Hence the measurement account is not adopted in the settlement. Wet & Dryland is fertile - Sowing the Wet lands are cultivated annually 2 time - The average income of the entire Village is 180 Rupees per annum as per statement of the bodies Karg - This is not true - The average Wet assessment the contiguous Arigam Village is 6 Rupees per acre and the fertility of soil &c, & Grama the valuation of the Village as follows.

Wet 80 Acres cultivated 6 Rupees 480 -
Wet 15 Acres 72 cts Waste at Rupee 15-11-9 -
Total 495-11-9
