Register No. 907

Sheet No. 1049

Sivaganga Zamindary —

Madura Division

A

	Cultivated area in acres	Irrigated cultivation	Assessment per acre of wet cultivation	Assessment per acre of garden cultivation	Value of the produce of a grain crop	Value of the produce of a garden crop

Villages of Kt. Paragul & Paragul

The other two Villages are small both in size & importance but the average Sh assessment is high — I consider Sh Kt. average Sh assessment the three other contiguous Ayan Villages is big — In consideration of the fertility of soil & I have the valuation of the Village as follows — I need that no portion of Dry lands is fit to be converted into Sh —

Sh - 70 3/4 at cultivated at 6 1/2 Rupees per acre - 459-14-0
Dry 46 at [illegible] 11 Rupees per acre — 27-8-0
Dry 12 1/4 at [illegible] 3 Rupees per acre — 31-0-0

Total - 490-7-0

[illegible]
