the Chary

of Chattrams are [illegible]

in Kaliyu support of the Temple & Chuttrum as the [illegible]

nagaie it is said that he may dispose of these Villages as he thinks proper - this is a mistake

Descendants of the [illegible] (Pavunbuga Powarsam) is being paid now in ready money at [illegible]

per annum - Copy of the Potta is placed with this for the perusal of the Reviewing Officer -

II The Rany's Vakeel says that the Potta is a genuine one, that the proceeds thereof are appropriated to the use of the Chuttrum
& the Temple & that the matter may be decided favourably - From his vague arguments it appears that he is himself wishes to
have this Village Inamed to these Institutions & that the Rany Zemindar does not like ~~to settle~~ it -

The Potta is an old & a genuine one - This Village is entered in the name of the Chuttrum from F 1213 - The account of F 1211 in which
this Village is entered as of genuine & correct one - Though this Village is entered in the name of the Chuttrum only in the Accounts
of F 1223 - 1246 & of A.D 1815, still the proceeds of all the Villages belonging to the Chuttrum are appropriated to the use of the
Temple & the Chuttrum from the date of the grant - Hence all these Villages belong both to the Temple & the Chuttrum in equal
portions - In the account of Inams & alienations forwarded to the Board of Revenue in A.D 1838, ~~[illegible]~~ by the New Collector -
[illegible] this Village also is entered - It is stated there that this Village was granted by Gowry Vallabha Periya
Vodaya Taver the Istimrary Zemindar [illegible] It is stated [illegible] it was granted by Vijaya Ragunadha Periya Vodaya Taver
predecessor of the Istimrary Zemindar who died a few years previous to the Permanent Settlement - I am confident to say from my experience
that this Account of 1838 is not a correct one - It was prepared from the materials furnished by the Zemindar & not [illegible] Inamdars
& the documents in their possession - Hence this account is not more valuable than that of F 1211 -

III On the whole as this Village was granted previous to the Permanent Settlement, as the Potta is a genuine one, as it is entered
in the name of the Chuttrum in the Account of A.D 1815 & as I class this as one of the Villages deducted from the assets upon which the
Peishcush was based - & treat it as Inam -

III No talk was about the area or about the boundaries on the part of the Rany's Vakeel. The boundaries now inserted in the new register
statement correspond to those in the Account of F 1246 - Hence the boundaries are confirmed here & the 175 Acres situated therein are registered here -

IV The Temple & the Chuttrum with the villages appertaining thereto are under the management of the Zemindars since the last half
Century - The Chuttrum is on a road leading to Rameswaram from Tanjore District -

V The average income of this Village as per statement of the Curnum of this Village is 60 Rupees per annum. This is quite false - I raise it to 200 -
Rupees with reference to the fertility of soil & ~~the~~ It appears that the Tanks in this Village are in ruined state & some of the lands are waste thereby.
This is attributable to the defects in the management -
