

It is checked with in 1857 without cause - It is he performed the funeral -
 - rules of the deceased, that the ^{1st} Defendants are enjoying the lands in some the
 - demise of Muttalagannal on the ground that she sold the lands to them when she
 - was alive - The Plaintiff says that when the deceased was alive, the Defendants
 - were full of the lands for her in some & that the deceased was living separately
 - when she was alive - He again pleads that she had no authority to sell the lands nor she
 - sold the lands to the Defendants. In proof of this, he produced the following documents -

1. A Regumamam filed by the Plaintiff & by the deceased
 in 1826 in the Moonsiff Court of Serungumai -
 that the lands of the deceased should remain to the Plaintiff & her
 after the demise of Muttalagannal - in suit of 245 of 1826 -

2. A Muttam presented by the Plaintiff in the 1st Court of
 the 1828 of 1828 -
 Muttam representing the same to preserve the lands of the said Muttalagannal -
 for herself & not to dispose of them by sale & - contrary to
 the conditions contained in the above Regumamam -

3. An authentic copy of a petition of Muttalagannal to the
 1st Court of Muttam - stating that she never disposed of
 any portion of her property either by sale & - This Petition was presented in
 1861 -

- The Defendants 138 to 143 of 16 ^{1st} Court of Muttam -
 following lands -

- In Narayan - 18 part of a Chetty -
- In Terattur - 17 part of a Chetty
- In Narayan - 29 part of a Chetty
- In Munnakkudi - 1389 part of a Chetty

to their Grandfather Regumadungar in 1828 for 36176 - executing a
 Bill of sale on a plain paper & that they are enjoying the lands now said -
 They again say that they know nothing of the Regumamam & papers cited above -
 The Defendants again say that the Regumamam who alleges the Bill of sale is not alive -
 that the sending the document is a mistake he is not now here - & that the Muttalagannal
 - are well aware of the said Muttalagannal having sold the lands to them -
 Muttalagannal of a single house that the said Muttalagannal told them that

These are the necessary and

(about 30 years ago of her being with the land in dispute to the Defendants, -
- that the Defendants are enjoying the land in dispute - ininterruptedly & that they
- are not aware of the Plaintiff's claim in relation to the land
- On the whole it is proved that Muttalagammal did not give the lands in A.D. 1828 to
- the Defendants, but they are enjoying the lands in dispute as their own, & that the
- Plaintiff used to pay for the lands in the village of Karayir in the Taluk of Tripattur
- that the Plaintiff knew of the said Muttalagammal's claim in relation to the land
- Defendants & that Muttalagammal presented a petition in the Court that
- she never disposed of the lands for good to the Plaintiff & that they are not aware
- the Plaintiff having presented a Petition in the Court in relation to Muttalagammal
- having presented a reply that she never sold any portion of her lands to any one -
- I do not think that the Petition presented by Muttalagammal is -
- a sufficient instrument to annul the sale which is said to have been taken place
- 30 years ago by 30 or 40 Malagammals - The Plaintiff admits that the lands were in
- the possession of the Defendants in 1828 & 1829 -

- the Complaint is referred to institute a regular suit in civil Court -
VII. One Perikunnam #130, 131-61-419 & 420 of 16 who are joint owners of land
- of 16 guntas in Karayir & Muttalagammal of the lands situated opposite to the person #91-
92 & 93 of 16 guntas in the ground that they are cousins, that one of them of cousins is dead -
without issue about 40 or 50 years ago, that about 20 years ago, Panchayut was
- decided that the Defendants should give the 16 guntas to them & that the Defendants refuse now
- to abide by the said Panchayut decision - The Defendants filed the the Panchayut decision
- do not relate to them nor the Plaintiff has any right for a share in their lands - It is proved
- that the Plaintiff has no right for a share in the lands in dispute & that the lands are in possession
- the Defendants since the Plaintiff is referred to the parties of Plaintiff are referred to civil
- Court in relation to Karayir & Muttalagammal
VIII. The person #60 claims 52 guntas of a better quality than the person #12 & 13 of 16 guntas in the ground
- that he did sell the lands to the latter in A.D. 1859 for Rs. 103-50 but & executed a Bill of
- sale which was produced in the office of the person #12 & 13 of 16 guntas in Karayir & Muttalagammal
- a piece of the land - It is proved that the transaction is bona fide & the Plaintiff received his money
- in possession of the purchaser - Hence the Plaintiff is referred to the parties of Plaintiff are referred to

Valuation

IX --- This is one of the important Villages as I have said already at the early part of the Register. The Village is situated in the north part of the District.

The wet lands in the Village are very extensive 17 Tanks - of these four are large & 13 are small. The Tanks are in repair - They are fed by one of the branches of the river of Poleru by Jungle Streams & by the Tanks of the adjacent Ayer Village. The Tanks are fed annually & are very numerous. The Mahaganam says that 385 Ann of Wet land is further - Lands are full water annually & that 28 Ann of land is waste one of long uncultivated lands - It is to be full water. They say also that 55 1/2 Ann of Dry land is waste one of one - immemorial lands. The extent of the lands of land as waste is trifling compared with the vast extent of full water lands. Hence these are waste lands may be said are really uncultivated lands.

1/2 of the Wet area is said to be full water & the other annually on an average - Security of Water is not felt in ordinary seasons. Some few years may be said are full water - with the Garden crops. But they have not entered the Garden lands distinctly - Soil is good - superior quality generally. There are some inferior & superior lands in detail.

The Village is in flourishing state like the neighboring Villages. I have seen myself on my way through the locality. Soil is good - I saw good waste & the very recent. The contiguous Ayer Village is Roudaravoyan Pally. The average Wet assessment of the land 14 Ann (72.5 to 69) of the said Ayer Village comes to at 5724 per Ann - This is fair assessment. This includes also double crop lands.

The average Dry assessment of the adjacent Ayer Village was given 2 to 5 1/2 per Ann. The Mahaganam says that the Dry & Wet lands of the Darnasaram under settlement very low compared with that of the Ayer Village of Roudaravoyan Pally in point of fertility. The average income of the Village as per statement of the Mahaganam is 2270 per Ann. There are no trees - Chiefly weighing the fertility of soil & the amount of the valuation of the Village as follows with the aid of the Mahaganam guarding against arriving at the very conclusion & keeping in view the former state of market.
