It is just by a Jungle Stream. The Salween River's floodplain says that the Temple is in
fall in ruin about 40 or 50 years ago; that the monks were not cultivated farmers clearing the
- that the village was razed out on 1000 in 1271 or 20 or 30 years by the Burmese.

person, but the winter spoiled the Turke to some extent & full woods some land within my crops
in two years & then left the land again as waste, but the Turke will be raised & the land
will be brought under plough within the next 10 years - From the former I learned

This seems to be true from the accounts of the formation in which it

- It is mentioned that there is no full written in the Village - the Rev. J. H. Bell also wrote a paper.

in the said memorial stated to the above effect. As you say that the same is in your possession,

with the College some of the lands were purchased for 70 + 36 Roubles respectively.

If all the lands in the village were put to pasture, they may yield about 350 Ropes per Annum.

Now as the leaves are falling, & as my work here is nearly done, I change

Best contract 1/2000 per acre - this brings amount to \$4000000000 7/1000

St. Louis, Mo. 1847. The undersigned Agents of the Missouri Valley, Mo.

The average wet amount of the Village comes to 57.3 inches
