Portion of Rs 2174.9 is paid in lump on the entire Village. But the land of the Damaram
portion of half Village is distinct from those of the Madapuram portion.

IV No talk was about the area or about the boundaries on the part of the Rangis Vakeel.
The boundaries now inserted in the vernacular statement correspond to those in the account of 1824.
Since the 35 Ams & 70 cents situated within the said boundaries are confirmed here, the lands were divided permanently.

Valuation

V. Wet lands depend upon Jira Tanks of moderate size. They are in repair. They are fed by the waste water of
the adjoining Ayer Villages. The lands are irrigated annually. Scarcity of water is not felt generally. Wet lands are
cultivated annually in full. No Pungah full water in the Village. Some of the wet lands are cultivated annually 2 times.
Kangah soil is of a superior quality generally. The color of the soil is of red clay. The average income of the Village as
for statement of the Meluram is 64 of per acre. This is not true. The contiguous Ayer Village is Kiri in.
The average wet assessment of this Village calculated for a period of 15 years previous to 18270 comes to 5 1/2 Rs per acre.
In consideration of the fertility of soil & I frame the valuation of the Village as follows -
19 Ams & 70 cents full water annually once & fully 2 times at 5 1/2 Rs per acre - 106-8
