1 This is one of the Darmasanams in the Zemindary of Sivaganga. This was granted by the Zemindar &c to the person of No 13 & others for subsistence. This is a hereditary grant. It is in uninterrupted possession of its holders since the date of the grant. There is no Potta. It was lost. The Village is supported by all the Accounts of 1/2. In the Account of F 1211 & 1223 this Village & another Village of Kattanaiyendal is entered together & the area of the same is entered in lump. In the Account of Fasly 1246 the area of these two Villages is entered separately & the boundaries are also given separately. Hence these Villages are brought in on two separate Registers. No Talk arose about the area or about the boundaries on the part of the Rany's Vakeel. The boundaries now entered in the vernacular statement correspond to those in the Account of F 1246. The boundaries of this Village are entered also in the Account of F 1223. There is some difference between these two boundaries. It is said that they are one & the same on the spot. The Mahajanams say that if any difference is found between these two boundaries, they will guide by one of the two boundaries which are selected for them by the Zemindar.

Valuation

IV — Wet lands depend upon one Tank of moderate size — It is in repair. It is fed by a Jungle Stream — The Tank is filled annually. The Tank is fed also by the Waste Water of Rajdanies — The Melvaramdars say that 21 Acres of Wet are cultivated annually & the 3½ Acres of Wet formed as waste are of long waste. Formerly the Wet lands are cultivated annually 2 times — Soil is a red mixture generally. The outgoings of Ayen Village are — Estimating the average Wet assessment of these Villages calculated for a period of 15 years comes to 5½ Rupees per acre — The average income of this Village as per statement of the Melvaramdars is 750 Rupees per annum — This is not true —

In consideration of the fertility of soil &c I assume the valuation of the Village as follows —

Wet 21 Acres cultivated once annually & partly 2 times at 5½ Rupees per acre — 115 - 8 -

Wet 3½ Acres Waste now at 10 Rupees per acre — 3 - 8 -

Total 119 - 0 - 0
