Dharmasanam Village of Kodikulam in the Talug of Nattarasenkottai of Sivaganga zamindari Estate in Madura District.

Register No. 608

Kodikulam

[illegible]

1 This is one of the Villages in the Zemindary of Sivaganga. There is some difficulty regarding the tenure of the Village as the entries in several existing accounts are not uniform. In the alleged Account of F1211, 3/4 of the Village is entered as Ayen & 1/4 as Darmasanam. In the Jivitam Account of the same Fusly, 1/4 of the Village is entered as Darmasanam, 1/4 as Jivitam & 1/2 of the Village as Ayen. In the Maratha Account of F1223, half of the Village is entered as Darmasanam & half as Ayen. In the Account of AD1815, copy of which is forwarded ~~to the~~ Board of Revenue, the ~~...~~ entire of the Village is entered as Darmasanam. In the Potta of this Village produced by the Mahajanams it ~~[illegible]~~ is said that half of the Village exclusive of the half of the Village belonging to "Aramanai" or zemindar was granted to the Origl grantee Subbyen. The Potta ~~is~~ was registered under Regulation XXXI of 1802 - as appears from a printed Ticket granted to the holder of the Potta on the 1st April 1809 - the day on which the document was registered by the Register of the late Zillah Court of Madura. Whatever may be the discrepancies in the entries in several accounts entered of 11 12, the Potta which is a registered one clears all doubts & shews that half of the Village is Ayen & the remaining half is Darmasanam. Thus I bring half of the Village on the Register & extend to it the benefits of the Inam Rules.

II The [illegible] present at the boundaries of this Village which are entered in the ~~a~~ Potta & which are set & omitted in the Account of F1244, correspond to those in the Potta. Hence the [illegible] Vattal [illegible] no fault with them. Thus the area of the entire Village is ~~[illegible]~~ confirmed here as 120 acres & 50 cents & half of this belongs to the Darmasanam portion. (Vide next col)

2d sheet of Kodikulam

The Complainant Seshamani Pillai produced some receipts said to have been granted by the zemindar's servants for the payment of Poruppu some 30 or 40 years ago - These receipts are not genuine one because the complainant brought these receipts to shew that ¼ of the Village was in possession of his family so far back as 30 or 40 years, & because there are the following registered documents to shew that the Darmasanam portion of half Village ~~is~~ was in possession of the Ogl Grantee so far back as 6[illegible] years -

Sheet No. 791

Register No. 608

1 Deed of gift dated 1800 granted by the zemindar Vizeiah Ragoonatha Tever to the Ogl Grantee - This ~~is~~ is a registered one.

1. Tallaed issued by the zemindar levying Poruppu on the Darmasanam portion of the half Village - This was registered in A D 1809 -

1 Tallaed issued by the zemindar in A D 1804 - shewing that ¼ Village was granted in addition to one fourth of the Village - This was registered in A D 1809 -

- It appears that the zemindar placed improperly under attachment ~~the~~ ¼ of the Village on half of the Darmasanam portion ~~[illegible]~~ about some 60 years ago ~~or~~ for one or two years & that during which period, the ancestors of the Complainants enjoyed it temporarily & that it was again restored to the Ogl Grantee - The ancestor of the Complainant ~~had~~ held ~~a~~ half of the Village as Zivitam some century ago & it was resumed by the zemindar long before the Permanent Settlement - Hence the Claim ~~is rejected~~.

Valuation of the Darmasanam portion of half Village -

VI. Wet lands depend upon one Tank - It is in repair - It is fed by Jungle streams &c. - The Tank is filled annually - Scarcity of Water is not felt generally - The Mokuzanums say that 25 Acres of Wet & 10 Acres of Dry are cultivated annually in full & that 5 Acres of Wet & 4 Acres of Dry are left waste occasionally - Some of the Wet lands are cultivated annually 2d time - Nunjah & Punjah lands are of a superior quality generally. No Van[illegible] raised in the Village - The Village is in flourishing state - The average Wet assessment of the contiguous Ayan Villages of Nattarasankottai & Ranudupatty comes to 7 Rupees per Acre - The average Wet assessment of the Ayan portion of the half Village also comes to 6-8-0 per Acre - The average Dry assessment of the Ayan Villages vary from 0-13-0 to 1-2-0 per acre. The average income of the Darmasanam portion as per statement of the Mokuzanums is 95 Rupees per annum - This is not true. In consideration of the fertility of soil &c. I frame the valuation of the Village as follows -

Wet 25 Acres cultivated at 6½ Rupees per acre	162-8-0	
Wet 5 Acres Waste &c at 1 Rupee per acre	5 —	
		167-8-0
Dry 10 Acres cultivated at 1-2-0 per acre	11-4-0	
Dry 4 Acres Waste &c at 4 As per acre	1 —	
		12-4-0

I This is one of the Dharmasanam in the Zemindary of Sivagunga. This was granted by the Zemindar [illegible] to the persons of Col 13 for subsistence. This [illegible] uninterrupted possession of its holders since the date of the grant. It has a Patta on two plain Cadjan leaves. From the English a[illegible] that the Patta of the Village was registered. No Tell [illegible] about the area or about the boundaries on the part of the Ranji's Vakeel. The boundaries [illegible] in the Patta. Hence the 4 acres & 62 cents situated within the said boundaries are confirmed here. The Village is supported by all the accounts of Col 12.

II The Village consists of 3 equal Vritties. They are enjoyed as shewn in the margin. The lands are undivided. Poruppu is paid on the number of Vritties equally & ~~permane~~

III The persons of Col 13 are descendants of the Orgl Grantee. The family is a divided one though the lands are undivided.

Sheet No. 792

IV .... This is an insignificant Village. No Punjah cultivation in the Village. Wet lands are cultivated annually in full. There is a small Tank in the Village. It is fed annually. The lands are irrigated by the ~~Ayan Village~~ N.D. Waste Water of the Ayan Village of Muttur. Soil is of a superior quality generally. The average income of the Village is 12 Rupees per annum as per statement of the persons of Col 16. The average Wet assessment of the Muttur as calculated for a period of 15 years comes to 8 Rupees per acre. Soil is of a superior quality. I charge 1 Set at 8 Rupees per acre. The soil of the Village may be placed on par with that of the Ayan Village.
