Sivaganga
Zemindary.

I This is one of the villages in the zemindary of Sivaganga, half of this village was granted for the support of the temple of Sri Subrahmanya Swami in Kovimur and the remaining half was granted for the support of Sembram Maham in Sembur. Both of these are permanent grants, no patta. The temple is efficiently kept up; the temple has several other villages and the names of which are given in the next side; the object of the Maham grant is to keep a Sannidhi pandal in honor of a temple in the Maham and worship the temple, a few years ago the object of the grant was frustrated and the charity was discontinued.

it appears the then *gaminidali* took notice of it some time ⁽²⁾ ago and that ever since the object of the grant is being fulfilled by establishing *Tanneri pandal* four months in a year, by worshipping the tomb and by distributing rice to about 20 Brahmins annually on every *Mukkhoi yekadasi* day; but some of the lands in the *Madam* portion of half village, are being held as personal grant at *Shenn* below.

Sheet 1491

Sivaganga
gaminidali

II The person no. 1 in col. 16 says that his ancestor acquired his land in gift long ago, from one *Gopalachari* and that he does not know how *Gopalachari* acquired them previously. He has no documents.

The persons nos. 2 and 3 in col. 16 purchased their lands in A.D. 1857 for Rs 232 from one *Ramachari*, *Bhaskarraian* and *Narayanaian*; two bills are on stamped cadjan. The widows nos. 4 and 5 in col. 16 say that their grandmother acquired the lands entered opposite their names and opposite the names of the persons nos. 6 and 7 in col. 16 —

Sheet 221691
Sivaganga
Zamindari

from the Hakdars or hereditary
Stewards of the Mattam ^③ long ago
gradually and that they sold the
lands entered opposite to the persons
nos 6 and 7 to them in A.D 1862 for
Rupees 380. One bill of sale is on
stamped paper. This document has
been registered in the civil court
on the 4th November 1862; the
widows nos. 4 and 5 have no docu-
ments; the trustee of the Mattam
says that what the widows nos 4 & 5
say is true.

III The lands entered opposite the
Mattam no. 8 are now being held
for the support of the institution
as the persons nos. 1 to 7 in col. 16 are
holders holding mattam lands acquiring
partly by purchase and partly
by gift and as these transactions are
not admissible, whatever may
have been the period of enjoyment.
I would recommend to cover these
defects to confirm to the present
holders on half allotment under
rule XVI clause III, and confirm
lands that are actually being held
for the support of the Mattam under
rule 3. clause one. Tax free. I would
be very hard upon the people to cancel
such transactions and transfer the lands

to the impositions to which they
~~the~~ belonged, all the above transac-
tions proved to be ⁽⁴⁾ ~~the~~ bona fide. Enjoy-
ment proved.

Valuation of the entire Village

IV

Wet land in this village depend
upon one large tank, it is in repair
it is fed by a jungle stream; the tank
is being filled annually in ordinary
season; Nanja land are cultivated
annually in full; in punja lands
a few plots are waste; some of the
wet lands are cultivated annually
second time; Nanja and punja lands
are of superior quality generally the
average income of the two Devalla-
nam portions of half village is 189
Rupees as per statement of the Baris
Vakil and the average income of —
Madam portion of half village is —
89 Rupees as per statement of the holders
thereof; the latter is quite false;
there are no other villages contiguous
to this the dry allotment of the adjoining
villages is at 1-2-8 per acre. In
consideration of the fertility of soil
etc I frame the valuation of the
Village as follows.

Wet 88 acres and 59 cents cultivated
at 6 Rs per acre. ————— 885 31-8-9

Dry 32 acres cultivated 102 per acre — 32-0-0
 Dry 12 acres and 40 cents waste at ⑤
 48 per acre — 3-3-3

Total Rs 566-12-0
