

San Lorenzo

(This is one of the Damaranams in the Geniesany of Serangoon. It was granted by the Government of 1711 to the person of 1719 & 18 others. This is a hereditary grant. It is in undisturbed possession of its holders since the date of the grant. This has one Port. It was lost. The Village is supported by all the Accounts of 1712. No. 1. Known about the Area or about the boundaries in the part of the Geniesany. The boundaries now inserted in the vernacular statement correspond to those in the account of 1712. The boundaries of this Village are recorded in the account of 1714. The Mahajans say that the account of 1714 is not accurate & that the boundaries exclude some of the lands that are in their possession from time immemorial. Again they say that the account of 1714 was prepared by the person of the Village who was then among & that if it is proved on personal examination that the boundaries in the account of 1714 are not accurate, they will guide by the boundaries given in the account of 1714. On the whole the boundaries in the account of 1714 being proved to be accurate on the 28th of 1714, are confirmed here.

VI - One Yelloppya N° 7 of 1866 claims half of the lands entered opposite to  
 person N° 2 56 of 1866 on the ground that his father N° 5 mother are dead;.  
 that the lands belong to the father & then mother & that the lands being the  
 Mahajelen or their mother father's property, it should be enjoyed equally by himself & his  
 opponents. Against the claimant pleads that his mother father died 50 years ago & that  
 ever since the person N° 2 56 of 1866 has enjoyed the entire lands. The person  
 N° 7 of 1866 pleads that the lands that are now in his possession are his father's & not  
 Mahajelen's. It is proved that in A.D. 1857, the claimant's father executed an  
 agreement to the father of the person N° 5 of 1866 receiving  $2\frac{1}{2}$  % of the property in the Dandamam  
 under settlement as a share due to the father's share out of the property of the Mother  
 Father of the Off & defendant; & receiving nothing but his share in other property. The claimant  
 admits the genuineness of the agreement. The lands are in possession of the Defendant.  
 Hence the claim is rejected & the party is referred to civil court.
