I. This is one of the Darmasasnam Villages in the pemonang of Leroyanga - This was granted as appears from the Account of F1723 by Mahabaliwara Rajah to Arayapaly Pongar & others of Nania Gotra & Nania Putra - or members of various families - This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. This has no Patta. It was lost. The Village is entered as Darmasasnam in all the Accounts. No talk now about the Area or about the boundaries on the part of the Range Valuel. The boundaries now inserted in the vernacular statement correspond to those in the Account of F1244 - Since the boundaries are confirmed here the 125 Acre & 30 futs situated therein are registered here. The Village consists of 4 equal vinties. They are enjoyed as shown in the margin - The lands were divided permanently half for the King & they are not liable to periodical exchange.

II. Of the persons of 16, those numbered 1 & 2 are descendants of the Ogl Grant & others are aliens - The person N 1 - 11 - 23 & 25 of 16 purchased the lands entered in the marginally noted statement under the head of supported by documents in A.D 1792-1798-1853-41863 for Rupees 1000 from one Venkateswarayyer, Munthar Palappa Pillai, Petcherayangan, Kastury Rangappan, Kiyakken & Lawmay Nayakken - Three bills of sale are on plain paper bearing date of 1853- are 3 in number & they are on stamp paper - The persons N 3 & 5 & 7-8 & 10 & 12 & 13-14 & 15 & 16-17-18 & 19 & 20 & 21 of 16 are enjoying more than half Village without documents - N 1 & 2 of 16 & others say that their persons were

[illegible]

The persons of 1860
 appeared their lands long ago in the time of their ancestors
 purchase & that documents were lost. The Narragansett
 Accounts of the Village that are found used by the Narragansett
 dated 1786 establish the right of the Narragansett some of the
 persons of 1860 to the shares in time opposite their names
 Thus the right of all the persons of 1860 is established to the
 lands entered opposite their names - Every one of all the persons
 present

To be confirmed under Rule II in an 1860
 of Land III. Agreed to under Rule II in an 1860
 1860 for witnesses

Valuation

III - Wet lands in the village depend upon 3 Tanks - Of these one is large & two are small - They are in repair they are fed by a river named Palur & other Jungle Streams - The Tanks are getting annually. Scarcity of water is not felt generally - The Meloyanams claim 50 Acre of Wet & 22 Acre of Dry as fullwater lands & 13 Acre of Wet & 9 1/4 Acre of Dry as waste - They say that the Wet lands dry waste lands are of 10 years - uncultivated lands & that they will be brought under plough within the next years - Some of the Meloyanams said that the Register which they produced now in the office showing the arable & waste land, has been copied from the Raramil Account of the Village dated 20 years back - The Meloyanams plead in one & a sample - to say that the entries in the Raramil Account correspond to those the present state of the Village - This is quite inadmissible & untrustworthy - As usual there is some exaggeration in the matter of waste - Some of the Wet lands are fullwater annually 2 times - No grain crops are raised in this Village - The Village is in good state - Wet & Dry - Lands are of a superior quality generally - No portion of Dry lands is fit to be converted into Wet - The average income of this Village is 203 Rupees per annum - not true as usual - The contiguous Ayen Village is Kilapad in which (See next sheet)

Register No. 967

The average wet season of this village calculated for a period of 15 years previous to 1870 comes to 58 per acre - The dry rates vary from 136 to 59 per acre - The Mahajanams say that the soil of this village may be placed on par with that of the contiguous Agam village in fertility &c. In consideration of the fertility of soil &c. I frame the valuation of the village as follows.

Wet 58 per acre -	385-00	
Wet 8 per acre & 66 per acre Waste & 10 per acre -	8-00	
		<u>393-11-0</u>
Dry 22 per acre cultivated at 12 per acre -	16-80	
Dry 9 per acre & 66 per acre Waste at 6 per acre -	2-70	
		<u>18-15-0</u>
		<u>Total 412-10-0</u>
