

Register No. 1033

Kovilampattinam

Channur

I This is one of the villages in the perrinary of Sivaganga. This was granted for the support of the temple of the Sannam Natcha Sanny in Voluga Mangalatu Pattu. The village is situated in the perrinary of Sivaganga. The temple is apparently kept up. This village is entered in all the Accounts in the name of the Temple. No Tall was about the boundaries on the part of the Range. The boundaries were inserted in the revenue statement. Correspond to those in the settlement. Account of 1869. Hence the boundaries are confirmed & the 45 Acres & 88 fatha are there are registered areas. Pongu is paid on lump on all the villages belonging to the temple to a sum of Rs 134 11 6.

II The average income of the village is 65 Rupees per annum as per statement of the Sannam of the village. This is not true. I send the valuation to Paper 200 with ref. to the parties of court.

III The village is in possession of the perrinary on Rang or in other words it is under the management of the Rang with the Temple.

IV Further account of 1869, 1/2 of the village is entered in the name of the Devast account & 295 Acres & 8 fatha are given as the area of the same. This is a mistake. The entire village is in possession of the temple & the area of the entire village is not above 45 Acres & 88 fatha. The correct name of the village is Kovilampattinam.
