Ref No 239 2<sup>d</sup> sheet of Rambuli in Mongalun Taluq

- The average Dry assessment of the Ayer Village varies from 15 ds 5 1/2 ds per acre - The highest rate is charged for cotton - which the Mahajanams say are not grown in the Village - The average income of the Village as per statement of the Mahajanams is 2450 per Annum - This is not very low - After weighing the fertility of soil &c, I frame the valuation of the Village as follows with the aid of the Mahajanams - The average wet assessment of the Ayer Village which is contiguous to the ~~other~~ Village under settlement, includes also the wet assessment of double crop land - No Tambac is raised in the Village -
