I This is one of the Decimas in the former survey of Llanquay. It was granted by the Catholic Monarchs to the persons of various families or of Santa Coloma & others. It is a hereditary grant. It is in uninterrupted possession of its holders since the date of the grant. It has no Patta. It was lost. The Village is supported by all the Decimas of the Lake area about the Area or about the town. It is on the part of the Range. The boundaries correspond to those in the Account of 1724. It was the 159th of 1704 or are computed here. The Village consists of 40 equal. There they are enjoyed as shown in the margin. The lands are divided & they are not exchanged periodically. Ponga is paid on the number of families regularly & permanently.

II The person of 1706 is a descendant of the Original Grantee & others are alienists.

It is said that the owner entered off to the person of 1706 long ago to those

II The person #1 of 16 is a descendant of the Original Grantee & others are aliens
III The person #1 of 16 says that his ancestors purchased the land entered off into to the person #2-3-4-5 of 16 long ago & those

IV This Village was in possession of the Esquimaux 20 years back or 3 or 4 months. It fell in possession of the King of 6 about 3 months ago with the rest of immensity of Perapongee under a decision of Privy Council. The Esquimaux never claim this Village. No Pompe is paid for the Village in possession of that nation, it is annually entered on the Land survey accounts of the Esquimaux that the Pompe of this Village is 1987. Hence the sum is adopted in the settlement. The persons of 17 & 18 of 1867 Pompe on their claims is on the rates of 1987 & per annum. Of the Range sells tomorrow, he will have to pay Pompe on the said rates. In the Esquimaux accounts the Pompe of Red Kangaroo land & other lands, are ~~and~~ ^{are} disbursed on one hand & credited ~~back~~ ^{to} to the accounts on the other.

Veneration

V. The lands depend upon the Ayen Tank is Yedakattur. It is a repair. It is fed by one of the branches of Veinganga - an important river - The Tank is filled annually. Scarcity of water is not felt generally as the Tank has very little but sufficient for the people who are quite numerous, know nothing of the value of the land. The person of 1806 came first with an account of some reward from the Rany & preference as very deserv- ing. The person of 1806 passed April 28 when the lands as unable could be re-considered, he came forward then to the noble or Waste head of the Rany. The lands in the Village. The Ayen Tank has some separate shares to feed the Tank of the person of 1806 says that 105 shares are cultivated annually; that 50 shares & 70 shares are waste from the negligence of the farmers; some of these lands may be cultivated this year. The Rany with some Narsinga has very intelligent people after an offence. Since all these lands will be cultivated this year. The Rany placed 3 committees over the proceedings in settling the Village. After that, a Gummada & another become the servants - Some of the lands are cultivated annually 20 times - The area this cultivated land is 1/5 of the total area - No Venkai is raised in the Village - Mangal soil is of a little quantity - Some of which is alluvial soil - The average income of the Village as per statement is just as per statement of the person of 1806 is 420 Rupees per annum. This is more than the other Ayen Village is Yedakattur - The average land amount of the Village is 3000 acres previous to 1820 comes to 5000 per acre. This is another Village called Yedakattur. The average land amount of that Village comes to 5000 per acre. The two Villages are low. The Gummada account also that the Gummada share in the village is 631 Rupees as the value of all the ware grain - In consideration of the value of the Village as follows. (X)
