III The Raiyz of Sevaganga formerly holds Gross Villages as Kolkuyeen property. These Lands are entered as Sircars Share in the alleged Account of Fy 1211 — The entire Village was deducted from the assets upon which the Permanent settlement was based as admitted by the Raiyz's Vakeel and as shewn in the Mahratta Account of Fy 1223 —

II ..... The persons Nos 1 to 39 of 016 plead that they are descendants of the Original Grantee — No proof to this in any way — They have neither "Rasamiel" Accounts nor any other documents to prove the grant. The alleged Copy of the Cyd Potta shews that the Village was granted to the persons of 0138 etc as this is not an attested Copy, I cannot depend upon it — I cannot say that the persons Nos 1 to 37 of 016 are descendants of the Cyd Grantee — I shall give my opinion of the validity of the titles of the persons Nos 1 to 37 of 016 after examining the details of the transactions of the sales that took place in the Village — & the age & nature of the titles of sales —

(Vide preceding side)

I ..... The persons Nos 38-39-40-41 of 016 purchased their lands in A D 1834-1840-1847-1857-& 1861 for Rupees 900 from one Solamalai Iyengar, Alagiriyengar, Subbaiyen, Narasingayengar, & Sundara Raziengar — Four bills are on plain foolscap leaves. One bill granted is on a stamped paper

II. In addition to the above 3-11/16 Wells are used in the Village by certain Melvaramdars, who are said to have purchased them, without documents, the Melvaramdars that these lands were acquired by purchase &c. but that bills & sales & deeds &c. were lost - The ancient documents dated 1765 - 1791 - 1792 - 1793 - 1794 - 1801 - 1802 & 1817 - relate to 3-11/16 Wells of the persons Nos 4 to 28 & 26 & 37 - The holders of the same are unable to produce genuineness of these documents as they are of — oldest dates - It seems ground to suspect the genuineness of the same — as the writing & the paper leaves seem to be of an ancient date, & as the persons Nos 2 & 18 & 22 & 26 & 37 are the grand sons of the persons Nos 2 & 18 in the account of Fs 1223 - Hence I consider that some of the shareholders in the Village are standing shareholders in the Village & others are those who acquired Melvaram by purchase &c. - However as the persons who are not proved to be the descendants of the Original Grantees - & several shareholders have no documents, I recommend to enfranchise the entire Village compulsorily on 1/8 of assessment - in consideration of the defects of the title through the persons who are voluntarily willing to compound & I think it will be best to charge the persons Nos 1 to 16 with 1/4 of assessment — given the defects of our old Registers which contain only one or two names out of the shareholders of the Village - However I leave the matter for consideration of the Revisioning Officers as usual - The ancestors of the Nayakkans of Swarnagiri who is numbered here as 45 purchased 7 Wells in the Village & admitted 3 of certain Melvaramdars — leaving the four in possession of the family (Valuation) This is proved by the Zamindar Accounts of Fs 1212 & 1213 Enjoyment proved - No bill &c. -

III. Wet lands in the Village depend upon the Tank in the Ayan Village of Periyakottai - It is fed by one of the branch channels of Vaigayar - The Tank is in repair - The Village has a separate sluice in the Tank, & irrigates its Wet lands - The Tank is fed annually - No scarcity of water is felt - The Melvaramdars planted 112 Acres of Wet as fallowed lands - Some of Wet as 5 or 6 years waste for the fallowed any time - No waste as appears from the re-statement of the Melvaramdars - Some of the Wet lands are fallowed annually - 2d time - No Punjah cultivation at all in the Village - No garden crops are raised in the Village - Nanjah lands are of a superior quality generally - The Contiguous Ayan Village is of poor nature - The average Wet assessment of the Village calculated for a period of 15 years previous to Fs 1270 comes to 6 Rupees acre - The average income of the Village is 400 Rupees per annum — there are trees — The Village has a perfect control of the Melvaramdars - The soil is a sandy loam - In consideration of the fertility of soil & the valuation of the Village as a wet & an ancient Tank & [illegible]
