

July

17 is one of the villages in the Zamin of Pungung. This was granted by the Rajah of 11 to the person of 13 & then this is a hereditary grant. This is in uninterupted possession of its holders since the date of the grant. This has no Patta. It was lost. The Village is supported by all the Account of 40. No Talk was about the boundaries on the part of the Rangs Patta. The boundaries correspond to those in the Account of 1724. Hence the Account of 13 is confirmed here. The Village consists of 14 Villies of an equal balance. They are enjoyed as shewas in the margin. The lands are divided. Porupur is paid on the number of Villies equally & permanently. The holdings are not liable to periodical exchange. The persons of 16 of 16 are descendants of the Ogl Grantee & others are descendants of the copartners of the Ogl Grantee. The person of 1 says of 16 says that they cannot describe their relationship exactly with the person of 13 as several generations passed between themselves & the Ogl Grantee. The census is a married one but it is situated within the proper limits of the Village. The persons of 16 of 16 purchased their lands in A.D. 1854 & 1856 for Rs. 400 to 500. Peramanguzar & Ramaswamizhar. One bill of sale is on stamped paper & another is on a stamped paper. The persons of 5-8-9-10-11-12-13-14-15-16 purchased some of their lands in A.D. 1835-1841-1843-1847-1850-1853-1855-1857 for Rs. 15-8. Some of them should also be in the Village. Eight bills are

2 Chel. of Marambottam in the Taluk of Partiparam in Travancore.

Valuation

II. Well lands depend upon two Tanks of moderate size - They are in repair - They are fed by a simple stream & by the Partiparam of Marambottam.
 Marambottam, an important Damayanam Village - The Tanks are filled annually - Scarcity of water is not felt much generally -
 The Marambottam say that about 65 acres are cultivated annually in paddy - in addition to 7 acres of Dry & that the 14 acres of waste are
 of 2 or 3 years uncultivated lands - that they are yet to be cultivated in ensuing year - They say that the 14 acres are left waste from want of water from
 From the individual statement of the paddy of 65 it appears that there are no waste lands in the Village - Some of the wet lands are cultivated annually 2 times -
 The lands thus cultivated 2 times are said to be equal to 1/2 of 65 acres - Wet & Dry soil is of a superior quality generally - The average income of the Village as
 per statement of the Marambottam is 650 Rupees per annum - This is quite correct - The Marambottam calculate the average income of the Village on the 1/2 area
 There are no other Villages contiguous to the Damayanam under Settlement - There is one important Damayanam Village of Nalhar Kondamun
 contiguous to the Damayanam under Settlement - There is a small Village contiguous to the Damayanam - The average income of these four years
 Villages comes to 6 Rupees per acre - The Dry average assessment comes to 2- for acre - There is no vast difference between the soil of this Village & that
 of the contiguous other Villages situated to the Damayanam of Kondamun - In consideration of the fertility of soil & from the valuation of the
 Village as follows -

70 acres of Wet cultivated at 6 Rupees per acre -	420
7 acres of Wet Waste land 10 Rupees per acre -	70
16 3/4 acres Dry cultivated at 10 Rupees per acre -	167 1/2
	457 1/2
